重要事項

冷靜期

「滙豐裕達年金計劃」是一份具備儲蓄成分的長期人壽保險計劃，並非銀行存款或銀行儲蓄計劃。部分保費用作支付保險及有關費用，包括但不限於開立保單，售後服務及索償之費用。

如您對保單不滿意，您有權透過發出書面通知取消保單及取回所有已繳交的保費及保費徵費。如要取消，您必須於「冷靜期」內（即是為緊接人壽保險保單或冷靜期通知書交付予保單持有人或保單持有人的指定代表之日起計的 21 個曆日的期間（以較早者為準），在該通知書上親筆簽署作實及退回保單（若已收取），並確保滙豐人壽保險（國際）有限公司設於香港九龍深旺道 1 號滙豐中心 1 座 18 樓的辦事處直接收到該通知書及本保單。

冷靜期結束後，若您在保單年期完結之前取消保單，預計的淨現金價值可能少於您已繳付的保費總額。

自殺條款

若受保人在簽發日期或保單復效日期（以較遲者為準）起計一年內自殺身亡，無論自殺時神志是否清醒，我們須向保單持有人之保單支付的身故賠償，將只限於保單持有人自保單日期起已繳付給我們的保費金額，減去我們已向受益人支付的任何金額。

保單貸款

您可於年金期開始前申請保單貸款，惟貸款額（包括任何未償還的貸款）不得超過減去任何未償還保單貸款、利息和未付之保費前之淨現金價值的 90%。我們會不時釐定有關貸款的息率，並會向您發出通知。進行任何部分退保後，保單的保證現金價值會因而降低。當保單貸款及應付利息超過淨現金價值時，您的保單可能會失效。

請注意，我們從本保單向您支付任何款項之前，將先扣除任何未償還貸款、利息或未付之保費。我們對任何未償還貸款、利息或未付之保費的申索，均優先於您或受益人或其他人的任何申索。

稅務申報及金融罪行

我們或會不時要求關於您及您的保單的相關資料，您必須向我們提供相關資料，以讓我們遵守對香港及外地之法律或監管機構、政府或稅務機關負有的某些責任。若您未有向我們提供所要求之資料或您讓我們或我們任何集團成員承受金融罪行風險，我們可能：

- 作出所需行動讓我們或集團成員符合其責任；
- 未能向您提供新服務或繼續提供所有服務；
- 被要求扣起原本應繳付予您或您的保單的款項或利益，並把該等款項或利益支付予稅務機關；及
- 終止您的保單

如因上述任何原因導致任何利益或款項被扣起及 / 或您的保單被終止，您從保單獲取之款項，加上您在保單終止前從保單獲取之款項總額（如有），可能會少於您已繳保費之總額。我們建議您就稅務責任及有關您的保單的稅務狀況尋求獨立專業意見。

重要事項

保單終止條款

我們有權於以下任何情況之下終止您的保單：

- 如果您未能在寬限期屆滿前繳付到期保費；
- 保單貸款加應付利息大於未扣除未償還保單貸款、利息和未付之保費前的淨現金價值；
- 若我們合理地認為繼續維持您的保單或與您的關係可能會使我們違反任何法律，或任何權力機關可能對我們或滙豐集團成員採取行動或提出譴責；或
- 我們有權根據任何附加保障的條款終止您的保單

有關終止條款的詳細條款及細則，請參閱保單條款。

合計保費 金額方式

合計保費金額方式可讓您預繳所需的保費，於保費到期日扣除所需之每年保費後的合計保費金額結餘將積存生息，息率為非保證並會由我們時釐定。若合計保費金額及其累積利息超出您的保單所需的總保費，我們將於扣除所有於您的保單下尚欠之保費後將餘額退回。若合計保費金額及其累積利息不足以支付您的保單所需的總保費，我們將以書面要求您儘快繳付保費差額。如您未能支付保費差額，可能令您的保單失效。

有關合計保費金額的主要風險因素詳情，請參閱「主要風險 - 退保風險」部份。

適用法例

規管保單的法律為百慕達法律。然而，如在香港特別行政區內提出任何爭議，則香港特別行政區法院的非專屬司法管轄權將適用。

漏繳保費

我們會給您 30 日的繳付保費寬限期。倘若您在寬限期完結時未能付款，您所選擇的不能作廢選擇將會生效。如您未有作出不能作廢選擇，而您的保單於有關未付保費之到期前一天計算的淨現金價值大於未付保費金額，我們將向您授予一筆自動保費貸款，以支付到期保費。有關貸款將按我們不時釐定的息率計息。如當時的淨現金價值不足以支付到期保費，您的保單將會失效，而我們將向您支付於第一次未付保費到期當天的任何淨現金價值。

只有在截至相關月結日為止的所有到期保費已繳清時，我們才會支付每月年金金額。

主要風險

信貸風險及 無力償債風險

「滙豐裕達」乃一份由我們簽發的保單。您須承受我們的信貸風險，因您支付的所有保費將成為我們資產的一部分，惟您對我們的任何資產均沒有任何權利或擁有權。在任何情況下，您只可向我們追討賠償。

非保證利益

計算紅利（如有）和特別獎賞³（如有）的分配並非保證，並會由本公司不時釐定。每月非保證年金金額須視乎累積的紅利及利息以及預計可得的紅利（如有）金額而定，任何影響紅利的調整，其中可能包括但不限於更改紅利分配、用以計算累積紅利及利息的息率、提取累積紅利及利息將導致重新計算每月非保證年金金額；而未來派發的紅利或會作出相應的調整。累積紅利之利息及累積之每月年金金額之利息（如有）是根據非保證息率而釐定，本公司擁有絕對權利不時調整息率。

派送紅利及 / 或特別獎賞³ 與否及所派送紅利及 / 或特別獎賞³ 的金額多少，取決於本公司就保單的資產之投資回報表現以及其他因素，包括但不限於賠償、失效率、開支等及其長期表現之展望。主要風險因素進一步說明如下：

- **投資風險因素** – 保單資產的投資表現受息率水平、其前景展望（此將影響利息收入及資產價值）、增長資產的價格波動及其他各種市場風險因素所影響，包括但不限於貨幣風險、信貸息差及違約風險。
- **賠償因素** – 實際死亡率及發病率並不確定，以致實際的身故賠償或生活保障支付金額可能較預期為高，從而影響產品的整體表現。
- **續保因素** – 實際退保率（全數或部分退保）及保單失效率並不確定，保單組合現時的表現及未來回報因而會受影響。
- **開支因素** – 已支出及被分配予此組保單的實際直接（如佣金、核保、開立保單及售後服務的費用）及間接開支（如一般經營成本）可能較預期為高，從而影響產品的整體表現。

主要風險

延誤或漏繳到期保費的風險

如有任何延誤或漏繳到期保費，可能會導致保單終止。結果或令您只能收回明顯少於您已繳付的保費的款額。

退保風險

如您在早期退保，您可收回的款額或會明顯少於您已繳付的保費。若為合計保費金額之保單，則於退保時合計保費金額的結餘及其累積利息需扣除由我們不時釐定的退保費用，及因您所選擇的保費供款年期而異。

流動性風險

我們預期您將持有本保單直至整個保單年期屆滿為止。如您有任何非預期事件而需要流動資金，您可根據保單的相關條款申請保單貸款，或作全數或部分退保以提取現金。但這樣可能導致保單失效或較原有保單期提早終止。此舉必定存在風險，或令您只能收回少於您已繳付的保費的款額。於保費繳付期後，您亦可申請提取累積於保單內的款額，惟可供提取的款額是非保證的，而合計保費金額結餘則不可提取。任何部分退保、保單貸款、應付貸款利息及提款均可能減少保單的身故賠償及淨現金價值。因此，在某些情況下，如退保或期滿時可取回的價值將會減少。

通脹風險

您必須考慮通貨膨脹風險，因為這可能導致將來的生活費較今天的為高。由於通貨膨脹風險的緣故，您須預期即使我們已盡其所能履行保單責任，您或您所指定的受益人將來收到的實質金額仍可能較低。

保單貨幣風險

您須面臨匯率風險。如您選擇 (i) 以外幣作為保單貨幣；或 (ii) 以保單貨幣以外的其他貨幣支付保費或收取賠償額，您實際支付或收取的款額，將因應我們不時釐定的保單貨幣兌本地 / 繳付保費貨幣的匯率而改變。您必須注意，匯率之波動會對您的款額構成影響，包括繳付保費、保費徵費及支付的賠償額。

有關分紅保單

我們發出的分紅人壽保單提供保證及非保證利益。保證利益可包括身故賠償、保證現金價值及其他利益，視乎您所選擇的保險計劃而定。非保證利益由保單紅利組成，讓保單持有人分享人壽保險業務的財務表現。

滙豐裕達的保單紅利（如有），將以下列方式派發：

1. **年度紅利**由我們每年宣派。一經宣派，年度紅利的金額將獲保證。
2. **特別獎賞**³是指於保單提早終止（例如因為身故、退保）或保單期滿時宣派。

特別獎賞³的金額會視乎宣派前整段保單期的表現，以及當時的市場情況而不時改變，實質金額於派發時才能確定。有關詳情，請參閱本產品冊子的「計劃摘要」部份。

紅利會受哪些因素影響？

保單紅利（包括年度紅利及特別獎賞³，如有）並非保證，是否派發保單紅利及其金額多少取決於包括但不限於下列因素：

- 保單資產的投資回報表現；
- 賠償、失效率及營運開支；及
- 對投資的長期表現的預期及以上其他因素

若長遠表現優於預期，派發保單紅利金額將會增加；若表現較預期低，則紅利金額將會減少。

有關主要風險因素的詳情，請參閱本小冊子內「主要風險 - 非保證利益」部分。

分紅保單有甚麼主要的優勢？

來自非保證紅利的潛在增長

除了可保證利益之外，當基金的整體表現優於支持保證利益所需的基本水平時，您可獲取額外的紅利。

緩和短期的市況波動

我們會盡量減低因短期市況波動所導致的紅利變動，以讓您可享有較穩定的回報。請參閱下文保單紅利的理念內「長遠穩定的回報」一節。

具競爭力的長遠回報

您的保單由我們多元的投資組合所支持。我們透過與您分擔風險，讓彼此利益一致。

有關分紅保單

保單紅利的理念

建立共同承擔風險的機制

我們對您的分紅保單的表現有明確的利益，因為我們分紅業務的運作遵從您我共同承擔風險的原則，以合理地平衡我們的利益。這些風險可能來自不同方面並會導致一些差異，而影響您的保單回報及我們的盈利。

我們將與您分擔來自以下因素的差異，包括但不限於：

- 投資回報與預期未來的投資表現；
- 保險風險（例如：失效、退保及各組保單的索償）；及
- 營運開支（例如：我們的核保和一般經營成本）

我們會就派發給您的紅利水平進行定期檢討。過往的實際表現及管理層對未來長期表現的預期，將與預期水平比較作出評估。倘若出現差異，我們將考慮透過調整紅利，與您分享或分擔盈虧。

公平對待各組保單持有人

我們會將您的保單與其他類似的保單匯集，讓較大組別的保單持有人共同分擔風險。「匯集」的作用在於讓您所屬的保單組別分散和分擔風險，並且有更大筆資金從而增加投資的靈活性。

為確保保單持有人之間的公平性，我們將慎重考慮不同保單組別（例如：產品、產品更替及貨幣）的經驗（包括：投資表現），務求每組保單將獲得最能反映其保單表現的公平回報。為平衡您與我們之間的利益，我們已成立一個由專業團隊組成的專責委員會，負責就分紅保單的管理和紅利的釐定提供獨立意見。

長遠穩定的回報

在考慮調整紅利分配的時候，我們會致力採取平穩策略，以維持較穩定的回報，即代表我們只會因應一段期間內實際與預期表現出現顯著差幅，或管理層對長遠表現的預期有重大的改變，才會對紅利水平作出調整。

面對短期市況波動，透過平穩策略，我們無需即時對紅利作出相應調整，而可維持紅利不變，或可作出比原先較小幅度的調整。因此，短期的投資表現（較預期為高或低），不應被視為紅利即將作出調整的訊號，必須同時考慮長期的過往投資表現及對未來表現的預期，以及其他非投資相關的差異。

投資政策及策略

我們採取的資產策略為：

- i) 有助確保我們可兌現向您承諾的保證利益；
- ii) 透過非保證紅利及獎賞為您提供具競爭力的長遠回報；及
- iii) 維持可接受的風險水平

分紅保單的資產由固定收益及增長資產組成。**固定收益資產**主要包括由具有良好信貸質素（平均評級為 A 級或以上）和長遠發展前景的企業機構發行之固定收益資產。我們亦會利用**增長資產**，包括股票類投資及另類投資工具如房地產、私募基金或對沖基金，以及結構性產品包括衍生工具，以提供更能反映長遠實質經濟增長的回報。

我們會將投資組合適當地分散投資在不同類型的資產，並投資在不同地域市場（主要是亞洲、美國及歐洲）、貨幣（主要是港幣及美元）及行業。這些資產按照我們可接受的風險水平，慎重地進行管理及監察。

目標資產分配

資產種類	分配比例 %
固定收益資產(政府債券、企業債券及另類信貸投資)	80%-100%
增長資產	0%-20%

註：實際的分配比例可能會因市場波動而與上述範圍有些微偏差。

在決定實際分配時，我們並會考慮(包括但不限於)下列各項因素：

- 當時的市場情況及對未來市況的預期；
- 保單的保證與非保證利益；
- 保單的可接受的風險水平；
- 在一段期間內，經通脹調整的預期經濟增長；及
- 保單的資產的投資表現

在遵守我們的投資政策的前提下，實際資產配置可能會不時偏離上述目標資產分配比例。

積存息率

您可選擇以不同方式收取紅利、儲蓄現金及年金金額，包括以現金方式提取或將該等金額交由我們積存生息(如有)，唯受保單條款的相關條款及細則約束。

積存利息的息率並非保證的，我們會參考下列因素作定期檢討：

- 投資組合內固定收益資產的孳息率；
- 當時的市況；
- 對固定收益資產孳息率的展望；
- 與此積存息率服務相關的成本；及
- 保單持有人選擇將該金額積存的時間及可能性

我們可能會不時檢討及調整用以釐定紅利(如有)及積存息率的政策。欲了解更多最新資料，請瀏覽我們的網站 www.hsbc.com.hk/zh-hk/insurance/info/。

此網站亦提供了背景資料以助您了解我們以往的紅利派發紀錄作為參考。我們業務的過往表現或現時表現未必是未來表現的指標。

2023 年 8 月

滙豐人壽保險（國際）有限公司榮獲以下獎項：

We all want a retirement that is worry-free and experience-rich. And the more we put into it now, the more it will give back to us when we exchange work days for a well-deserved permanent holiday. HSBC Flourish Income Annuity Plan is designed to provide you with the all-round solutions to help you achieve productive ageing and is aimed to help you build a secure, active and engaged retirement life. Because as long as you give it the attention it deserves today, there is a better chance that the future will be a wonderful place.

Flexibility for enhancing security

80% of Hong Kong employees believe that they would not have sufficient financial resources after their retirement*, and the Census and Statistics Department projected that the old-age dependency ratio would increase from 3.55 workers per 1 dependent to **1.4 workers per 1 dependent by 2066**#.

To enable your all-round retirement planning, HSBC Flourish Income Annuity Plan ("HSBC Flourish Income", "your plan" or "your policy") combines income generation and wealth accumulation, while offering you a high degree of flexibility to adapt to your evolving needs and enhance your productive ageing journey. The plan is a life insurance product with a savings element and is not equivalent or similar to any kind of bank deposit.

HSBC Flourish Income offers you:

Flexibility

- Flexibility to meet your liquidity needs at various stages of your life with **monthly annuity payments¹ for up to 25 years or till age^{2^a} 99** after an accumulation period as short as 1 year. Or you can simply opt to **accumulate substantial savings** by leaving the annuity payments in the policy to **earn interest**.
- A projected breakeven that can be achieved **as early as the 7th policy year[¶]** for a steady return.
- Future protection options for your loved ones in the form of life insurance coverage. In the unfortunate event of the life insured's passing, your beneficiary(ies) will receive - at your discretion - **a death benefit in a lump sum or in the form of monthly payments** for the remaining annuity period.

Effectiveness on capital growth

- **3% annual increment on monthly guaranteed annuity** during the first 10 years of the annuity period, which stays level thereafter;
- **Monthly non-guaranteed annuity supported by accumulated dividends** that will kick in from the 11th year of the annuity period, offers potential long-term wealth appreciation for coping with inflation; and
- **Special bonus³**, which is part of the policy value, will be paid out at death or policy surrender.

Long-term income stream

- **Annuity period of up to 25 years or till age² 99** provides a long-term income stream for a more secure retirement.
- The choice to enhance your coverage with additional premiums for extra protection **against severe dementia⁴** to help caregivers cope with the financial challenges they face.

* South China Morning Post (20 Dec 2017): Life after work: Hong Kong employees' retirement savings fall short by about HK\$2 million.

Census and Statistics Department (15 November 2018): Dependency Trend in Hong Kong.

^ Only applicable to the life insured who is aged² 55 to 70.

¶ Breakeven (at the relevant year/time) means that the net cash value⁵ of the policy, which is made up of both guaranteed and non-guaranteed benefits, plus special bonus³ (if any) reach 100% of total premiums paid⁶ in a given year. For the details of non-guaranteed benefits, please refer to the section "Key risks - Non-guaranteed benefit".

Optional supplementary benefit

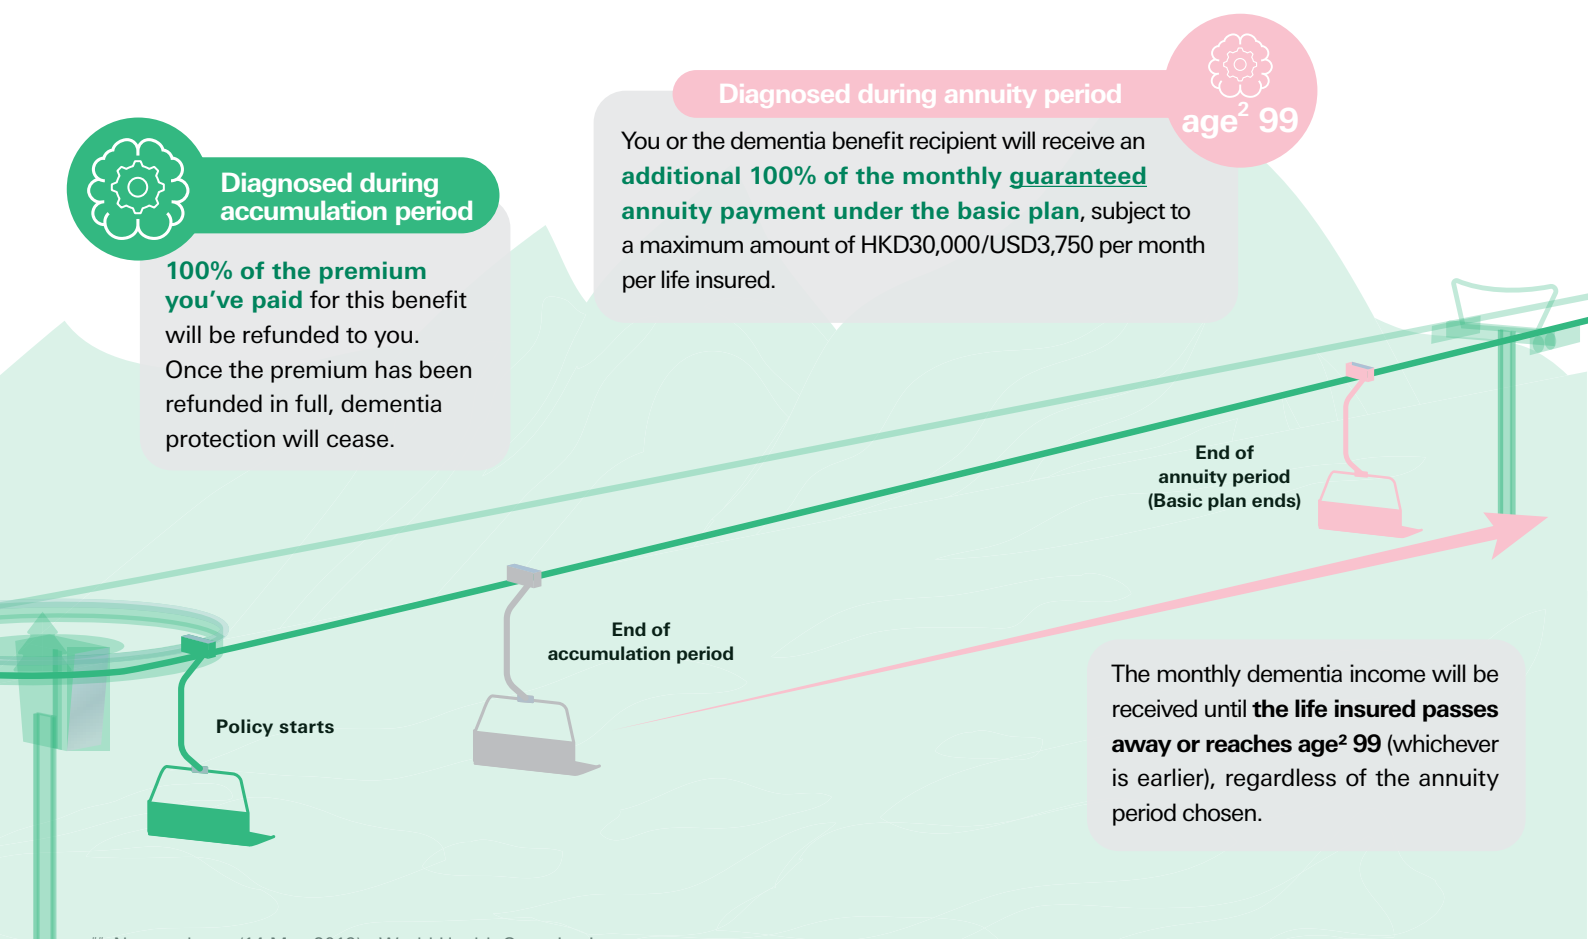

Dementia protection⁴

(Additional premium is required)

Dementia is one of the **major causes of disability and dependency** among the elderly^{##}. It has a financial impact not only on the sufferers, but also family members who are providing care. The Hong Kong Council of Social Service estimates that there will be up to **280,000 dementia sufferers in Hong Kong by 2036^{^^}**. This creates an overwhelming and growing eldercare challenge in our society.

We understand life is full of unforeseen events that may impact us in various ways. With dementia protection, you can now choose to enhance your basic plan coverage to protect yourself and your family against the financial consequences of this disease. Subject to the terms of the relevant policy, you or the dementia benefit recipient⁺ will receive the following benefits if the life insured is diagnosed with severe dementia⁺⁺, so you can have less pressure of financial hardship during the recovery journey.

- Not applicable to aggregate premium⁷ policies and policies with a 1-year accumulation period;
- Can only be selected as part of the application for the basic plan for a life insured aged² **between 55 and 70 years**

^{##} News release (14 May 2019) - World Health Organisation

^{^^} Legco news release (17 June 2015): Dementia

⁺ You need to designate one of the beneficiaries under the basic plan of your policy as the dementia protection benefit recipient.

⁺⁺ "Severe dementia" means an unequivocal diagnosis, by a registered medical practitioner who is a specialist of neurologist, psychiatrist or neuropsychiatrist of severe permanent cognitive impairment resulting in the permanent need for continuous supervision of the life insured, with a Mini Mental State Examination score of less than 10 out of 30-point questionnaire.

Please refer to the Policy Provisions for the supplementary benefits for the detailed terms, conditions and exclusions of the above supplementary benefits.

More peace of mind from embedded supplementary benefits

(Subject to eligibility, **no additional premiums required**)

HSBC Flourish Income helps to ensure that loved ones are well looked after with a **death benefit in the unfortunate event of the life insured's passing**. What's more, its embedded supplementary benefits may provide the financial resources for covering unexpected expenses during the policy term.

Additional Accidental Death Benefit⁸

Should the life insured pass away from an accident within the premium payment period which is equivalent to the first 3 years of the policy, an additional benefit amount equal to 100% of the total basic plan premium will be paid to your beneficiary(ies) in addition to the death benefit payable under your policy.

Unemployment Benefit⁹

(not applicable to aggregate premium policy)

If the policyholder becomes unemployed for at least 30 consecutive days before the age of 65, the grace period for premium payments will be extended to a maximum of 365 days, during which the life insured will continue to enjoy the policy's full protection.

Easy application

Application¹⁰ for HSBC Flourish Income Annuity Plan is simple. Generally, medical examinations are not required, except for some cases.

Important notes

Cooling-off period

HSBC Flourish Income Annuity Plan is a long-term life insurance plan with a savings element, which is not equivalent or similar to any kind of bank deposit or bank savings plan. Part of the premium pays for the insurance and related costs including, but not limited to, policy acquisition, maintenance and claims costs.

If you are not satisfied with your policy, you have a right to cancel it within the cooling-off period and obtain a refund of any premiums and levies paid. A written notice signed by you together with your policy (if received) should be received by the office of HSBC Life (International) Limited at 18/F, Tower 1, HSBC Centre, 1 Sham Mong Road, Kowloon, Hong Kong within the cooling-off period (that is, a period of 21 calendar days immediately following either the day of delivery of the policy or the day of delivery of the cooling-off notice to the policyholder or the nominated representative, whichever is earlier).

After the expiration of the cooling-off period, if you cancel your policy before the end of the policy term, the projected net cash value that you may receive may be less than the total premium you have paid.

Suicide

If the life insured commits suicide, whether sane or insane, within one year of the issue date or from the effective date of reinstatement, whichever is later, the death benefit payable under policyholder's policy will be limited to the refund of the amount of premiums policyholder paid to us less any amount we paid to the beneficiary(ies) since the policy date.

Policy loan

You may apply for a policy loan before the commencement of the annuity period, provided that the amount borrowed (including any previous unpaid borrowed amount) does not exceed 90% of the net cash value before any outstanding policy loans, interest and premiums. We will advise you of the rate of interest as determined by us from time to time. Any partial surrender will reduce the guaranteed cash value. Should the policy loan with interest exceed the net cash value before any outstanding policy loans, interest and premiums, your policy may lapse.

Please be reminded that when we make any payment to you under your policy, we will deduct any outstanding loan, interest and premiums from the amount otherwise payable. Our claim for any outstanding loan, interest and premiums will be prior to any claim made by you, your beneficiary(ies) or other persons under your policy.

Tax reporting and financial crime

You are required to provide us with information that we may occasionally request from you regarding you and your policy so that we can comply with certain obligations to legal or regulatory bodies, government or tax authorities in Hong Kong and overseas. If you fail to provide us with such requested information, or if you place/expose us or any of our members of HSBC Group at financial crime risk, we may:

- Take necessary actions so that we or our members of HSBC Group can meet our/their obligations;
- Be unable to provide new, or continue to provide all services to you;
- Be required to withhold payments or benefits that would otherwise be due to you or your policy and pay them to tax authorities; and
- Terminate your policy

In the event that any benefit or payments is withheld and/or your policy is terminated by us as a result of any of the above reasons, the amount you receive plus the total amount you have received before policy termination (if any) may be less than what you have paid. We recommend that you seek your own independent professional advice on your tax liabilities and tax positions related to your policy.

Important notes

Termination conditions

We have the right to terminate your policy under any of the following circumstances:

- If you cannot make the overdue premium payment by the end of the grace period;
- The policy loan with accrued interest exceeds the net cash value before outstanding policy loans, interest and premiums;
- We reasonably consider that by continuing your policy or the relationship with you, we may break any laws or we, or a member of the HSBC Group, may be exposed to action or censure from any authority; or
- We have the right to terminate according to any supplementary benefits terms

Please refer to the Policy Provisions for detailed terms and conditions on termination.

Aggregate premium option

The aggregate premium option allows you to pre-pay the required premiums. The balance of the aggregate premium after deducting the annual premium on the relevant premium due dates will be accumulated with interests at such interest rate which is not guaranteed and may change from time to time at our discretion. If the aggregate premium together with interests accumulated exceed the total premiums required under your policy, any balance amount will be refunded to you as soon as all premiums due under your policy have been settled. If the aggregate premium together with interests accumulated are not sufficient to cover the total premiums required under your policy, you will then be requested to settle the premium shortfall upon receiving our written notification for the premiums due. Any failure to pay for the premium shortfall may result in lapsation of your policy.

Please refer to section "Key risks - Risk from surrender" for the details of key risk factors for aggregate premium.

Applicable laws

The laws governing your policy are the laws of Bermuda. However, in the event of any dispute arising in the Hong Kong Special Administrative Region, the non-exclusive jurisdiction of the HKSAR courts will apply.

Missing premium payment

We will give you a 30-day grace period for making premium payments. If you cannot make the payment by the end of the grace period, the non-forfeiture option which you have selected will then take effect. If no non-forfeiture option is selected, we will grant you an automatic premium loan to cover the unpaid premium provided that the net cash value of your policy calculated immediately before the due date of the relevant unpaid premium is greater than the amount of the unpaid premium. We will apply interest on such a loan at a rate determined by us from time to time. If the net cash value at the time is not enough to cover the unpaid premium, your policy will be discontinued and we will pay you the net cash value as at the due date of the first unpaid premium.

Please note that the monthly annuity payment will only be paid if all premiums due up to the relevant monthiversary have been fully paid.

Key risks

Credit and insolvency risks

HSBC Flourish Income is an insurance policy issued by us. **You are subject to our credit risk** because all your premiums paid become part of our assets. You do not have any rights or ownership over any of our assets. You can only claim against us under all circumstances.

Non-guaranteed benefit

The scale for calculating the annual dividends (if any) and special bonus³ (if any) are not guaranteed and are determined by the Company from time to time. The monthly non-guaranteed annuity payment is mainly derived from the accumulated dividends and interests, and projected annual dividends (if any). Any adjustment affecting the annual dividends, which may include but is not limited to change of annual dividend scale, investment return assumptions or applicable accumulation interest rate on dividends, withdrawals of any accumulated dividend and interest will trigger re-calculation of the monthly non-guaranteed annuity payment and the future dividends to be credited in your policy may be adjusted accordingly. The accumulation interest rate on dividends and monthly annuity payments (if any) is not guaranteed and may be adjusted by the Company at its discretion from time to time.

Whether annual dividends and/or special bonus³ are payable and the size of the annual dividends and special bonus³ to be paid **depend on how well the Company has performed with regard to investment returns on the assets supporting the policies, as well as other factors including but not limited to claims, lapse experience, expenses and the long-term future performance outlook.** The key risk factors are further described below:

- **Investment risk factors – The investment performance of the assets supporting the policies could be affected by changes in interest rate and expectations of it** (which affect both interest earnings and values of assets), **fluctuations in prices of growth assets** and various market risks including, but not limited to, currency risk, credit spread and default risk.
- **Claims factors – The actual experience of mortality and morbidity is uncertain** which may lead to a higher than expected claim or living benefit payment and impact the overall performance of the product.
- **Persistency factors – The actual experience of policy surrender (full or partial) and policy lapse are uncertain**, and therefore it has impacts on both the current performance and future return of the portfolio of the policies.
- **Expense factors – The actual amount of any direct expenses** (eg commission, underwriting, policy acquisition and maintenance expenses) **and indirect expenses** (eg general overhead costs) **incurred and allocated to the group of policies may be higher than expected** and may impact the overall product performance.

Key risks

Risks from the delay or missing the payment of premiums due

Delayed or missed payments **may lead to a discontinuation of your policy. As a consequence, you will only receive an amount which may be significantly less than the premiums you paid.**

Risk from surrender

If you surrender your policy in the early years, **you may receive an amount significantly less than the premiums paid.** For aggregate premium policy, a surrender charge to be determined at our discretion from time to time will be imposed on the balance of the aggregate premium together with interest accumulated upon policy surrender and it varies by the premium payment period you have chosen.

Liquidity risk

We would expect you to keep your policy for the entire policy term. In the event that you have liquidity needs for any unexpected events, you may apply for a policy loan or surrender your policy in full or in part for cash pursuant to the policy terms. However, **this may cause your policy to discontinue or to be terminated earlier than the original policy term. There is always a risk that you could only receive an amount which may be less than the premiums you paid.** After premium payment period, you may also apply for withdrawal of any amounts that are accumulated within your policy, but the amount available for withdrawal is not guaranteed and the withdrawal of aggregate premium balance is not allowed. **Any partial surrender, policy loan, accrued loan interest and withdrawal will reduce the death benefit and net cash value. Consequently, the value payable under certain circumstances such as surrender or maturity will be reduced.**

Inflation risk

You must take into account the **risk of inflation, which will likely cause the future cost of living to rise.** With inflation in place, you should expect that **you or your assigned beneficiary(ies) will receive an amount that is less in real terms in the future,** even if we have done our best to serve your policy.

Policy currency risk

You are exposed to exchange rate risks. If you choose (i) to set a foreign currency as your policy currency, or, (ii) to pay premiums or receive benefits in currencies other than the policy currency, **the actual amount you paid or received will then be subject to the prevailing exchange rate** determined by us between the policy currency and the local/payment currencies. You must take note that exchange rate fluctuations may affect your payment amounts including premium payments, levy payments and benefit payments.

More about participating policy

We issue participating life insurance policies providing both guaranteed and non-guaranteed benefits. The guaranteed benefits may include the death benefit, guaranteed cash value and other benefits that vary depending on your chosen plan. The non-guaranteed benefits comprise the policy dividends which allow policyholders to share in the financial performance of the life insurance operation.

For HSBC Flourish Income, the policy dividends, if any, is in the form of:

1. **Annual dividends**, which are declared by us on an annual basis. Once declared, the amount of annual dividends for the year is guaranteed.
2. **Special bonus³**, which is declared upon early termination of the policy due to, for example, death or surrender, or at policy maturity.

The special bonus³ amount may change from time to time based on the performance over the life of the policy before the time of declaration and prevailing investment market conditions. The actual amount will not be determined until it is payable. Please refer to the "Product summary" section of this brochure for more details.

What factors will affect your dividends?

Policy dividends (including annual dividends and special bonus³, if any), are not guaranteed; the size of the dividends and whether they are payable depend on factors including, but not limited to:

- The investment performance of the assets supporting the policies;
- Claims, lapses and expenses experiences; and
- The long-term expected future performance of investment and other experiences mentioned above

If the performance over the long term is better than expected, the dividends paid would increase. If the performance is below expectations, the dividends paid would decrease.

Please refer to the "Key risks – Non-guaranteed benefit" section of this brochure for more details.

What are the key benefits of participating policies?

Potential growth through non-guaranteed dividends

In addition to the guaranteed benefits, you will receive additional dividend payments if the fund performance is better than that required to support the guaranteed benefits.

Smoothing of short-term market fluctuations

You can also benefit from more stable returns as we try to minimise changes in dividend payouts in response to short-term market fluctuations. Please refer to "Stable long-term returns" in the Dividend philosophy section below.

Long-term competitive return

Your policy is supported by our well-diversified investment portfolio. Through risk sharing between you and us, our interest is aligned with yours.

Dividend philosophy

Establishing a risk-sharing mechanism

We have a clear interest in the performance of your participating policy as our participating business operates on the principle of sharing risks between you and ourselves to achieve a reasonable balance. Risks may arise from different sources, creating variances that may affect your policy's return and our profit.

Variances arising from the following factors are shared between you and ourselves, including, but not limited to:

- Investment returns and expected future investment performance;
- Insurance risks (eg lapses, surrenders and claims of different groups of policies); and
- Operating expense (eg our underwriting and general overhead costs).

We regularly review dividend levels payable to you. Both the past actual performance and management's expectation of the long-term future performance will be assessed against the assumed level. If variances arise, consideration will be undertaken regarding sharing these with you through dividend adjustments.

Fairness across policyholder groups

We group your policy with other similar policies to pool the risks amongst a larger number of policyholders. "Pooling" means that the risks are spread and shared across your group, and that a larger sum of money can be invested with more flexibility.

To ensure fairness between policyholders of participating products, we will carefully consider the experience (including investment performance) of various policy groups such as products, product generations and currencies and issue years so that each policy group will receive a fair return based mainly on its own performance. To balance the interest between you and us, a dedicated committee formed from a group of professionals will provide independent advice on managing the participating policies and determining the dividends.

Stable long-term returns

When considering adjusting the dividend scales, we strive to maintain a more stable payout to you by smoothing, which means the dividend levels will only be changed if the actual performance is significantly different from the assumed level over a period of time, or if management's long-term future performance expectations change substantially.

Rather than changing dividends in response to short-term fluctuations, smoothing allows us to keep dividends unchanged or make less severe adjustments than would otherwise have been the case. As such, it is important not to necessarily view any short-term investment (over and under) performance as an indication of an upcoming change in dividends. This will be considered together with longer-term historical investment performance and future expectations, as well as the other non-investment variances.

Investment policy and strategy

We follow an asset strategy that:

- i) Helps to ensure that we can meet the guaranteed benefits that we have committed to you;
- ii) Delivers competitive long-term returns to you through non-guaranteed dividends and bonuses; and
- iii) Maintains an acceptable level of risk

The assets supporting the participating policies predominantly consist of **fixed income assets** issued by corporate entities with good credit ratings (average A-rated or above) and long-term prospects. **Growth assets**, including equity-type investments and alternative investments such as property, private equity or hedge funds, as well as structured products including derivatives, are utilised to deliver returns that are more reflective of economic performance over the long term.

Our investment portfolios are well diversified across various types of assets, and are invested in varied geographical markets (mainly Asia, the United States and Europe), currencies (mainly HKD and USD) and industries. The assets are carefully managed and monitored according to our own acceptable level of risk.

Target asset allocations

Asset type	Allocation percentage
Fixed income assets (government bonds, corporate bonds and alternative credit)	80%-100%
Growth assets	0%-20%

Note: There could be slight deviation from the above range due to market fluctuation.

We consider other factors when deciding the actual asset allocations, including, but not limited to:

- Current and expected future market conditions;
- Guaranteed and non-guaranteed benefits of the policies;
- The acceptable risk level of the policies;
- Expected economic growth after adjustment for inflation over a period of time; and
- Investment performance of the assets supporting the policies

Subject to our investment policy, actual asset allocation could deviate from the above target asset allocation from time to time.

Accumulation interest rate

You can choose to receive your annual dividends and annuity payments in cash or you may leave them with us to accumulate with interest (if any) subject to the relevant terms and conditions as specified in the Policy Provisions.

Interest rates are not guaranteed and will be reviewed by us regularly with reference to the following factors:

- Portfolio yields of fixed income asset;
- Prevailing market conditions;
- Expectation of fixed income asset yields;
- The cost associated with the provision of this interest accumulation service; and
- The likelihood and duration of policyholders leaving their payment for accumulation

The policy of determining the dividends (if any) and accumulation of interest rates may be reviewed and adjusted by us from time to time. For more updated information, please visit our website www.hsbc.com.hk/insurance/info/.

You may also visit the above website to refer our dividend history. The past or current performance of our business may not be a guide for future results.

You are therefore advised to choose at the time of application the premium payment method that best fit your financial circumstances.
8.
