以延期盈達為退休及早籌劃 — 以下是Anthea的故事

Anthea是一家國際貿易公司的高級主管

Anthea自從大學畢業後，一直為一家國際貿易公司工作了30年。她的子女現已成家立室，因此，Anthea正計劃在5年內退休，以享受與家人一起的歡樂時光，並準備與丈夫展開環遊世界之旅。

Anthea希望為她的退休生活上留有更多儲蓄：

她正尋找一個可以提供穩定現金流的方案以補足她的退休儲蓄

Anthea希望她能夠靈活地收取每月年金金額²，她可選擇於年金期將年金保留在她的計劃內以積存生息

作為一個香港的納稅人，她或可透過本計劃向稅務局申請薪俸稅及個人入息稅之稅務扣除

Anthea現年55歲¹，她選擇延期盈達以符合她的所需：

每年保費：	港幣240,047元	儲蓄期：	5年
保費繳付期：	5年	年金期：	直至99歲 ¹
已繳總保費 ⁴ ：	港幣240,047元 x 5年 = 港幣1,200,234元		

Anthea於60歲¹時，選擇以現金方式收取每月年金金額²：

每月保證年金金額：	港幣3,362元	初始保證年金比率*：	73%
每月非保證年金金額 ² ：	港幣1,220元	保證內部回報率 [^]	1.25%
每月年金金額 ² ：	港幣4,582元	總內部回報率：	2.83%
年金期內的總每月年金金額 ² ：	港幣2,144,292元（相等於保單期滿時已繳總保費 ⁴ 的179%）		

* 初始保證年金比率等於每月保證年金金額除以每月年金金額²（經捨入調整），並或因每月非保證年金金額²之重新計算而改變。有關主要風險因素的詳情，請參閱「主要風險 – 非保證利益」部分。

[^] 延期盈達的內部回報率按投保年齡、保單貨幣、保費繳付方式、年金期及年金金額選擇方式等因素而不同。詳情請參閱「計劃摘要 – 內部回報率」部分。

Anthea亦可享受潛在的個人入息稅之稅務扣除額：

每個香港納稅人之每個課稅年度稅務扣除額上限為**港幣60,000元**。這是強積金可扣稅自願性供款和延期年金保費合計可享之最高扣除總額，即每個合資格納稅人每年可申請之延期年金保費及強積金可扣稅自願性供款之稅務扣除總額。

合資格納稅人可與其配偶共同申請延期年金保費之稅務扣除，而每年稅務扣除額上限將為**港幣120,000元**：

示例：

	單身納稅人 	夫婦納稅人  (註：每個合資格納稅人之每年稅務扣除額不可超過港幣60,000元之個人上限)

假設：應課稅率	17%	17%
最高可節省稅款	節省港幣10,200元	節省港幣20,400元

註：

- 已繳付至延期盈達的保費可獲得稅務局薪俸稅及個人入息稅之稅務扣除，將取決於您的個別情況；而稅務局擁有絕對權力決定在保費繳付期間所繳付的保費之稅務扣除。有關主要風險因素的詳情，請參閱「主要風險 — 合資格延期年金保單的稅務定義」部分。
- 以上例子所述的數字作整數調整，並僅供說明之用。詳情請參閱您的保險建議書顯示的數字。

假設：

- 所有的保費在繳付保費期到期前全數繳付
- 在保單期內，沒有提取保單內的任何累積紅利及利息，及沒有作出任何影響紅利的調整
- 計算累積紅利及利息時所使用的現時年利率為3.2%，此息率並非保證，本公司將會不時自行調整息率。實際息率或會比年利率3.2%較低或較高

每月非保證年金金額²須視乎累積的紅利及利息以及預計可得的紅利（如有）而定。累積紅利及利息之金額（如有）於支付每期非保證年金金額²後將隨之遞減，直至年金期完結時將減至零。有關主要風險因素的詳情，請參閱「主要風險 — 非保證利益」部分。

重要事項

冷靜期

延期盈達是一份具備儲蓄成份的長期人壽保險計劃，部分保費將用作支付保險及有關費用，包括但不限於開立保單，售後服務及索償之費用。

如您不滿意您的保單，您有權在冷靜期內取消保單，並獲退還已繳付的所有保費及保費徵費。您必須於冷靜期內（即將保單交付給您或您的代表後或將通知書（通知您已經可以領取保單及冷靜期的屆滿日）發給您或您的代表後起計21天（以較早者為準）），將已簽署的通知書連同您的保單（若已收取）送達滙豐人壽保險（國際）有限公司設於香港九龍深旺道1號滙豐中心1座18樓的辦事處。

冷靜期結束後，若您在期滿前取消您的保單，預計的淨現金價值³可能少於您已繳付的保費總額。

自殺條款

若您在簽發日期或保單復效日期（以較遲者為準）起一年內自殺身亡，無論自殺時是否精神錯亂，本公司的責任將只限於發還自保單日期起，已繳付給本公司的保費金額減去本公司所支付的任何金額。有關詳細條款及細則，請參閱基本計劃之保單條款。

重要事項

保單貸款

您可於年金期開始前申請保單貸款，惟貸款額（包括任何未償還的貸款）不得超過減去任何未償還保單貸款、利息和未付之保費前之淨現金價值³的90%。我們會不時釐定有關貸款的息率，並會向您發出通知。進行任何部分退保後，保單的保證現金價值會因而降低。當保單貸款及應付利息超過淨現金價值³時，您的保單可能會失效。

請注意，我們從本保單向您支付任何款項之前，將先扣除任何未償還貸款、利息或未付之保費。我們對任何未償還貸款、利息或未付之保費的申索，均優先於您或受益人或其他人的任何申索。

稅務申報及金融罪行

我們或會不時要求關於您及您的保單的相關資料，您必須向我們提供相關資料，以讓我們遵守對香港及外地之法律或監管機構、政府或稅務機關負有的某些責任。若您未有向我們提供所要求之資料或您讓我們或我們任何集團成員承受金融罪行風險，我們可能：

- 作出所需行動讓我們或集團成員符合其責任；
- 未能向您提供新服務或繼續提供所有服務；
- 被要求扣起原本應繳付予您或您的保單的款項或利益，並把該等款項或利益支付予稅務機關；及
- 終止您的保單。

如因上述任何原因導致任何利益或款項被扣起及／或您的保單被終止，您從保單獲取之款項，加上您在保單終止前從保單獲取之款項總額（如有），可能會少於您已繳保費之總額。我們建議您就稅務責任及有關您的保單的稅務狀況尋求獨立專業意見。

重要事項

保單中止條款

我們有權於以下任何情況之下終止您的保單：

- 如果您未能在寬限期屆滿前繳付到期保費；或
- 保單貸款加應付利息大於未減去任何未償還保單貸款、利息和未付之保費前的淨現金價值³；或
- 若我們合理地認為繼續維持您的保單或與您的關係會使我們違反任何法律，或任何權力機關可能對我們或集團成員採取行動或提出譴責；或
- 本公司有權根據任何附加保障⁵的條款終止您的保單。

有關終止條款的詳細條款及細則，請參閱保單條款。

適用法例

規管您的保單的法律為百慕達法律。然而，如在香港特別行政區內提出任何爭議，則香港特別行政區法院的非專屬司法管轄權將適用。

漏繳保費

我們會給您30日的繳付保費寬限期。倘若您在寬限期完結時未能付款，您所選擇的不能作廢選擇將會生效。如您未有作出不能作廢選擇，而您的保單於有關未付保費之到期日前一天計算的淨現金價值³大於未付保費金額，我們將向您授予一筆自動保費貸款，以支付到期保費。有關貸款將按我們不時釐定的息率計息。如當時的淨現金價值³不足以支付到期保費，您的保單將會失效，而我們將向您支付於第一次未付保費到期當天的任何淨現金價值³。

只有在截至相關月結日為止的所有到期保費已繳清時，本公司才會支付每月年金金額²。

主要風險

在投保延期盈達前，請您注意以下主要風險：

合資格延期年金保單的稅務定義

本保單是合資格的延期年金保單，但並不保證您已繳的保費將符合稅務扣除資格。

本計劃的資格認證是保監局根據其產品特點而定，與您的個人狀況無關。**於申請稅務扣除前，您必須符合稅務條例規定下之所有條件及遵從香港特別行政區稅務局發出的指引。**

一般稅務資訊只供參考，您不應單憑此資訊作任何稅務決策。**本保單可獲的實際稅務優惠將取決於您的個人稅務狀況。**如您毋須於相關評稅年度繳納薪俸稅及個人入息稅，您未必能享有稅務扣除優惠。**如您有任何疑問，請諮詢專業稅務顧問。**

所有稅務條款、法規及／或其詮釋均可能被修改，而影響有關的稅務優惠包括稅務扣除資格。本公司沒有責任通知您相關法律、法規及／或其詮釋的修改，及其可能對您產生的影響。如想了解更多有關合資格延期年金的稅務扣除資訊，請瀏覽保監局網頁www.ia.org.hk。

合資格延期年金保單的認證

保監局的認證不代表對保單的推介或認可，亦不保證本保單的商業價值或表現，更不代表保監局認許本保單適合所有個別保單持有人¹¹或任何類別的保單持有人¹¹。

本保單已獲保監局認證，但不構成官方建議。保監局對此產品冊子內容包括其準確性或完整性概不負責，並明確表示，不會承擔因此產品冊子全部或任何內容而引致的損失。

信貸風險及無力償債風險

延期盈達乃一份由我們簽發的保單。**您須承受我們的信貸風險**，因您支付的所有保費將成為我們資產的一部分，惟您對我們的任何資產均沒有任何權利或擁有權。在任何情況下，您只可向本公司追討賠償。

主要風險

非保證利益

計算紅利的分配並非保證，並會由本公司不時釐定。每月非保證年金金額²須視乎累積的紅利及利息以及預計可得的紅利（如有）金額而定，任何影響紅利的調整，其中可能包括但不限於提取紅利、更改紅利分配或用以計算累積紅利及利息的息率，將導致重新計算每月非保證年金金額²；而未來派發的紅利或會作出相應的調整。累積紅利之利息及累積之每月年金金額²之利息（如有）是根據非保證息率而釐定，本公司擁有絕對權利不時調整息率。

派送紅利與否及所派送紅利的金額多少，**取決於本公司就保單的資產之投資回報表現以及其他因素，包括但不限於賠償、失效率、開支等及其長期表現之展望。**主要風險因素進一步說明如下：

- **投資風險因素** — 保單資產的投資表現受息率水平、其前景展望（此將影響利息收入及資產價值）、**增長資產的價格波動**及其他各種市場風險因素**所影響**，包括但不限於貨幣風險、信貸息差及違約風險。
- **賠償因素** — **實際死亡率及發病率並不確定**，以致實際的身故賠償或生活保障支付金額可能較預期為高，從而影響產品的整體表現。
- **續保因素** — **實際退保率（全數或部分退保）及保單失效率並不確定**，保單組合現時的表現及未來回報因而會受影響。
- **開支因素** — **已支出及被分配予此組保單的實際直接**（如佣金、核保、開立保單及售後服務的費用）**及間接開支**（如一般經營成本）**可能較預期為高**，從而影響產品的整體表現。

延誤或漏繳到期保費的風險

如有任何延誤或漏繳到期保費，**可能會導致保單終止。結果或令您只能收回明顯少於您已繳付的保費的款額。**

主要風險

退保風險

如您需要在早期全數或部分退保，您可收回的款額或會明顯少於您已繳付的保費。

流動性風險

我們預期您將持有本保單直至整個保單年期屆滿為止。如您有任何非預期事件而需要流動資金，您可根據保單的相關條款申請保單貸款，或作全數或部分退保以提取現金。但這樣可能導致保單失效或較原有保單期提早終止。此舉必定存在風險，或令您只能收回少於您已繳付的保費的款額。

於保費繳付期後，您亦可申請提取累積於保單內的款額，惟可供提取的款額是非保證的。任何部分退保、保單貸款、應付貸款利息及提款均可能減少保單的身故賠償及淨現金價值³。因此，在某些情況下，如退保或期滿時可取回的價值將會減少。

通脹風險

您必須考慮通貨膨脹風險，因為這可能導致將來的生活費較今天的為高。由於通貨膨脹風險的緣故，您須預期即使我們已盡其所能履行保單責任，您或您所指定的受益人將來收到的實質金額仍可能較低。

保單貨幣風險

您須面臨匯率風險。如您選擇 (i) 以外幣作為保單貨幣；或 (ii) 以保單貨幣以外的其他貨幣支付保費或收取賠償額，您實際支付或收取的款額，將因應我們不時釐定的保單貨幣兌本地／繳付保費貨幣的匯率而改變。您必須注意，匯率之波動會對您的款額構成影響，包括繳付保費、保費徵費、支付的賠償額及延期年金保費之合資格稅務扣除（如有）。

有關分紅保單

我們發出的分紅人壽保單提供保證及非保證利益。保證利益可包括身故賠償、保證現金價值及其他利益，視乎您所選擇的保險計劃而定。非保證利益由保單紅利組成，讓保單持有人¹¹分享人壽保險業務的財務表現。

延期盈達的保單紅利（如有），將以**年度紅利**的方式由我們每年宣派。一經宣派，年度紅利的金額將獲保證。

有關詳情，請參閱本產品冊子的「計劃摘要」部份。

紅利會受哪些因素影響？

保單紅利（如有）並非保證，是否派發保單紅利及其金額多少取決於包括但不限於下列因素：

- 保單資產的投資回報表現；
- 賠償、退保率及營運開支；及
- 對投資的長期表現的預期及以上其他因素。

若長遠表現優於預期，紅利派發金額將會增加；若表現較預期低，則紅利派發金額將會減少。

有關主要風險因素的詳情，請參閱本小冊子內「主要風險 — 非保證利益」部分。

分紅保單有甚麼主要的優勢？

來自非保證紅利的潛在增長

除了可保證利益之外，當基金的整體表現優於支持保證利益所需的基本水平時，您可獲取額外的紅利。

緩和短期的市況波動

我們會盡量減低因短期市況波動所導致的紅利變動，以讓您可享有較穩定的回報。請參閱下文保單紅利的理念內「長遠穩定的回報」一節。

具競爭力的長遠回報

您的保單由我們多元的投資組合所支持。我們透過與您分擔風險，讓彼此利益一致。

保單紅利的理念

建立共同承擔風險的機制

我們對您的分紅保單的表現有明確的利益，因為我們分紅業務的運作遵從您我共同承擔風險的原則，以合理地平衡我們的利益。這些風險可能來自不同方面並會導致一些差異，而影響您的保單回報及我們的盈利。

我們將與您分擔來自以下因素的差異，包括但不限於：

- 投資回報與預期未來的投資表現
- 保險風險（例如：失效、退保及各組保單的索償）
- 營運開支（例如：我們的核保和一般經營成本）

我們會就派發給您的紅利水平進行定期檢討。過往的實際表現及管理層對未來長期表現的預期，將與預期水平比較作出評估。倘若出現差異，我們將考慮透過調整紅利，與您分享或分擔盈虧。

公平對待各組保單持有人¹¹

我們會將您的保單與其他類似的保單匯集，讓較大組別的保單持有人¹¹共同分擔風險。「匯集」的作用在於讓您所屬的保單組別分散和分擔風險，並且有更大筆資金從而增加投資的靈活性。

為確保分紅保單持有人¹¹之間的公平性，我們將慎重考慮不同保單組別（例如：產品、產品更替、貨幣及繕發年份）的經驗（包括：投資表現），務求每組保單將獲得最能反映其保單表現的公平回報。為平衡您與我們之間的利益，我們已成立一個由專業團隊組成的專責委員會，負責就分紅保單的管理和紅利的釐定提供獨立意見。

長遠穩定的回報

在考慮調整紅利分配的時候，我們會致力採取平穩策略，以維持較穩定的回報，即代表我們只會因應一段期間內實際與預期表現出現顯著差幅，或管理層對長遠表現的預期有重大的改變，才會對紅利水平作出調整。

面對短期市況波動，透過平穩策略，我們無需即時對紅利作出相應調整，而可維持紅利不變，或可作出比原先較小幅度的調整。因此，短期的投資表現（較預期為高或低），不應被視為紅利即將作出調整的訊號，必須同時考慮長期的過往投資表現及對未來表現的預期，以及其他非投資相關的差異。

投資政策及策略

我們採取的資產策略為：

- i) 有助確保我們可兌現向您承諾的保證利益；
- ii) 透過非保證紅利及獎賞為您提供具競爭力的長遠回報；及
- iii) 維持可接受的風險水平。

分紅保單的資產主要包括由信貸質素良好（平均評級為A級或以上），並且具長遠發展前景的企業機構發行的**固定收益資產**組成。我們亦會利用**增長資產**，包括股票類投資及另類投資工具如房地產、私募股權或對沖基金，以及結構性產品包括衍生工具，以提供更能反映長遠經濟表現的回報。

我們會將投資組合適當地分散投資在不同類型的資產，並投資在不同地域市場（主要是亞洲、美國及歐洲）、貨幣（主要是港幣及美元）及行業。這些資產按照我們可接受的風險水平，慎重地進行管理及監察。

目標資產分配

資產種類	分配比例
固定收益資產（政府債券、企業債券）	80%-100%
增長資產	0%-20%

註：實際的分配比例可能會因市場波動而與上述範圍有些微偏差。

在決定實際分配時，我們並會考慮（包括但不限於）下列各項因素：

- 當時的市場情況及對未來市況的預期；
- 保單的保證與非保證利益；
- 保單的可接受的風險水平；
- 在一段期間內，經通脹調整的預期經濟增長；及
- 保單的資產的投資表現。

在遵守我們的投資政策的前提下，實際資產配置可能會不時偏離上述長期目標分配比例。

積存息率

您可選擇以不同方式收取紅利、儲蓄現金及年金金額，包括以現金方式提取或將該等金額交由我們積存生息（如有），唯受保單條款的相關條款及細則約束。

積存利息的息率並非保證的，我們會參考下列因素作定期檢討：

- 投資組合內固定收益資產的孳息率；
- 當時的市況；
- 對固定收益資產孳息率的展望；及
- 保單持有人¹¹選擇將該金額積存的時間及可能性。

我們可能會不時檢討及調整用以釐定紅利（如有）及積存息率的政策。

欲了解更多最新資料，請瀏覽本公司網站 [www.hsbc.com.hk/zh-hk/insurance/info/]。

此網站亦提供了背景資料以助您了解我們以往的紅利派發紀錄作為參考。我們業務的過往表現或現時表現未必是未來表現的指標。

合資格延期年金保單的重要資訊：

- **合資格延期年金保單的稅務定義** — 本保單是合資格的延期年金保單，但並不保證您已繳的保費將符合稅務扣除資格。本計劃的資格認證是保監局根據其產品特點而定，與您的個人狀況無關。於申請稅務扣除前，您必須符合稅務條例規定下之所有條件及遵從香港特別行政區稅務局發出的指引。一般稅務資訊只供參考，您不應單憑此資訊作任何稅務決策。本保單可獲的實際稅務優惠將取決於您的個人稅務狀況。如您毋須於相關評稅年度繳納薪俸稅及個人入息稅，您未必能享有稅務扣除優惠。如您有任何疑問，請諮詢專業稅務顧問。所有稅務條款、法規及／或其詮釋均可能被修改，而影響有關的稅務優惠包括稅務扣除資格。本公司沒有責任通知您相關法律、法規及／或其詮釋的修改，及其可能對您產生的影響。如想了解更多有關合資格延期年金的稅務扣除資訊，請瀏覽保監局網頁www.ia.org.hk。
- **合資格延期年金保單的認證** — 保監局的認證不代表對保單的推介或認可，亦不保證本保單的商業價值或表現，更不代表保監局認許本保單適合所有個別保單持有人⁷或任何類別的保單持有人⁷。本保單已獲保監局認證，但不構成官方建議。保監局對此產品冊子內容包括其準確性或完整性概不負責，並明確表示，不會承擔因此產品冊子全部或任何內容而引致的損失。

主要風險：

- **信貸風險及無力償債風險** — 延期盈達乃一份由我們簽發的保單。您須承受我們的信貸風險，因您支付的所有保費將成為我們資產的一部分，惟您對我們的任何資產均沒有任何權利或擁有權。在任何情況下，您只可向本公司追討賠償。
- **非保證利益** — 計算紅利的紅利分配並非保證，並會由本公司不時釐定。每月非保證年金金額²須視乎累積的紅利及利息以及預計可得的紅利（如有）金額而定，任何影響紅利的調整，其中可能包括但不限於提取紅利、更改紅利分配或用以計算累積紅利及利息的息率，將導致重新計算每月非保證年金金額²；而未來派發的紅利或會作出相應的調整。累積紅利之利息及累積之每月年金金額²之利息（如有）是根據非保證息率而釐定，本公司擁有絕對權利不時調整息率。

派送紅利與否及所派送紅利的金額多少，取決於本公司就保單的資產之投資回報表現以及其他因素，包括但不限於賠償、失效率、開支等及其長期表現之展望。主要風險因素進一步說明如下：

- **投資風險因素** — 保單資產的投資表現受息率水平、其前景展望（此將影響利息收入及資產價值）、增長資產的價格波動及其他各種市場風險因素所影響，包括但不限於貨幣風險、信貸息差及違約風險。
- **賠償因素** — 實際死亡率及發病率並不確定，以致實際的身故賠償或生活保障支付金額可能較預期為高，從而影響產品的整體表現。
- **續保因素** — 實際退保率（全數或部分退保）及保單失效率並不確定，保單組合現時的表現及未來回報因而會受影響。
- **開支因素** — 已支出及被分配予此組保單的實際直接（如佣金、核保、開立保單及售後服務的費用）及間接開支（如一般經營成本）可能較預期為高，從而影響產品的整體表現。
- **延誤或漏繳到期保費的風險** — 如有任何延誤或漏繳到期保費，可能會導致保單終止。結果或令您只能收回明顯少於您已繳付的保費的款額。
- **退保風險** — 如您需要在早期全數或部分退保，您可收回的款額或會明顯少於您已繳付的保費。
- **流動性風險** — 我們預期您將持有本保單直至整個保單年期屆滿為止。如您有任何非預期事件而需要流動資金，您可根據保單的相關條款申請保單貸款，或作全數或部分退保以提取現金。但這樣可能導致保單失效或較原有保單期提早終止。此舉必定存在風險，或令您只能收回少於您已繳付的保費的款額。於保費繳付期後，您亦可申請提取累積於保單內的款額，惟可供提取的款額是非保證的。任何部分退保、保單貸款、應付貸款利息及提款均可能減少保單的身故賠償及淨現金價值⁶。因此，在某些情況下，如退保或期滿時可取回的價值將會減少。
- **通脹風險** — 您必須考慮通貨膨脹風險，因為這可能導致將來的生活費較今天的為高。由於通貨膨脹風險的緣故，您須預期即使我們已盡其所能履行保單責任，您或您所指定的受益人將來收到的實際金額仍可能較低。
- **保單貨幣風險** — 您須面臨匯率風險。如您選擇 (i) 以外幣作為保單貨幣；或 (ii) 以保單貨幣以外的其他貨幣支付保費或收取賠償額，您實際支付或收取的款額，將因應我們不時釐定的保單貨幣兌本地／繳付保費貨幣的匯率而改變。您必須注意，匯率之波動會對您的款額構成影響，包括繳付保費、保費徵費、支付的賠償額及延期年金保費之合資格稅務扣除（如有）。

保單終止條款：

我們有權於以下任何情況之下終止您的保單：

- 如果您未能在寬限期屆滿前繳付到期保費；或
- 保單貸款加應付利息大於未減去任何未償還保單貸款、利息和未付之保費前的淨現金價值⁶；或
- 若我們合理地認為繼續維持您的保單或與您的關係會使我們違反任何法律，或任何權力機關可能對我們或集團成員採取行動或提出譴責；或
- 本公司有權根據任何附加保障⁹的條款終止您的保單。

有關終止條款的詳細條款及細則，請參閱保單條款。

本文所顯示的過往、現時、預計及／或潛在利益及／或回報（例如獎賞、利息）均為非保證，並僅供說明之用途。未來實際的利益及／或回報或會較現時所列的利益及／或回報為高或低。以上例子所述的數字作整數調整，並僅供說明之用。詳情請參閱您的保險建議書顯示的數字。以上顯示的資料只為摘要及僅作為一般參考，您必須將這些資料與相應的產品冊子及例子一併閱讀，詳細內容請參閱相關產品的保單條款及細則。

We are living longer – but are we living better?

Longevity is one of the great achievements of our modern era. According to a recent report on aging, Hong Kong people have the highest average global life expectancy*.

* International comparison of life expectancy 2017, Ministry of Health, Labour and Welfare, Japan

The sky's the limit

Many people view the general retirement age¹ of 65 as a distant horizon. But the gift of longer lives is diminished if our longevity outpaces our ability to enjoy the lifestyle we have come to cherish.

Average life expectancy in Hong Kong[†]

Have you ever imagined that saving for your retirement could also benefit you today?

As that special day draws closer, now is the right time to plan ahead for a worry-free retirement. To help you maintain the lifestyle you deserve, HSBC EarlyIncome Deferred Annuity Plan ("Deferred EarlyIncome", "the plan" or "your policy") allows you to **realise benefits today and tomorrow**:

Kick off your lifelong retirement plan with 5-year premium payment

- Save during your income-earning years to build a constant cash flow for your retirement **up to age¹ 99**. If you are a taxpayer in Hong Kong, you can also apply tax deduction under salaries tax and personal assessment with Inland Revenue Department from your premiums paid with an allowance of up to HKD60,000 for a particular fiscal year[‡]

Start seeing returns from the 8th policy year

- The **projected breakeven period can be as early as the 8th policy year^{††}** taking into account the plan's projected cash value, accumulated non-guaranteed dividend and accumulated Monthly Annuity Payments²

Enjoy the flexibility of tapping into your accumulated savings when you need it

- While you can receive a monthly income after just 5 years of payments, you can also opt to leave your proceeds in your plan to accumulate with interest. You can then decide when to receive a lump sum or monthly income by **switching your annuity payment[¶] options** anytime during the annuity period

Timed to perfection – Start planning today to be ready for retirement on your terms. Whether the goal is travel, savouring the arts or starting that activity you have always wanted to try – Deferred EarlyIncome is your path to converting today's earnings into tomorrow's worry-free regular cash flow.

[†] Hong Kong Monthly Digest of Statistics (Feb 2019), Census and Statistics Department of the Hong Kong SAR

[‡] Tax deduction under salaries tax and personal assessment with Inland Revenue Department from premiums paid under Deferred EarlyIncome shall be subject to your individual circumstances. It is also at Inland Revenue Department's discretion when your premiums are paid over the premium payment period. Please refer to the "Key Risks - Tax implication of Qualifying Deferred Annuity Insurance Policy" section for details regarding key risk factors.

^{††} Breakeven means that the Net Cash Value³ which is contributed by both guaranteed and non-guaranteed benefits to total premium paid⁴ at a particular policy year is 100%. For the details of non-guaranteed benefits, please refer to the "Key risks – Non-guaranteed benefit" section.

[¶] Annuity payment includes both guaranteed annuity payment and non-guaranteed annuity payment (if any). Please refer to the "Example" and "Product Summary" sections for details.

More benefits from Deferred EarlyIncome

Living long into retirement should mean living well during your senior years with adequate financial reserves while making your promise to your future. Deferred EarlyIncome will ensure your loved ones are looked after with a **Death Benefit** in case the unexpected happens.

What's more, Deferred EarlyIncome provides the following supplementary benefits⁵ (also known as "rider") during the policy term, subject to eligibility, **with no additional premiums**. It's our way to help you experience a hassle-free life journey:

Additional accidental death benefit⁶

- If you pass away due to an accident before the age¹ of 80, your beneficiary(ies) will receive an additional 30% of the total premium paid⁴ along with the Death Benefit

Unemployment benefit⁷

- If you have become unemployed for at least 30 consecutive days before the age¹ of 65, the grace period for premium payment will be extended up to 365 days, during which you will still enjoy the full protection of Deferred EarlyIncome

Please refer to the respective supplementary benefits⁵ provisions for the detailed terms, conditions and exclusions.

Deferred EarlyIncome is a deferred annuity insurance policy offering features certified by the Insurance Authority ("IA") to be compliant with its Guideline on Qualifying Deferred Annuity Policy. It is a long-term participating life insurance product with a savings element and is not equivalent or similar to any kind of deposit. For details, please refer to the "More about participating policy" section.

Hassle-free Application

Application for HSBC EarlyIncome Deferred Annuity Plan is simple. Policy approval is generally guaranteed⁸ and medical examinations are not required.

Example

The following example is for illustration purpose only. Part of the Monthly Annuity Payment² is non-guaranteed. There are options of annuity periods under this policy to suit individual needs. Please refer to the "Product Summary" section for details.

Plan ahead for retirement with Deferred EarlyIncome – Let's look at Anthea's story

Anthea is a senior executive at an international trading firm

Anthea has been working for an international trading firm for 30 years since her graduation from university. As her children are now grown with families of their own, she plans to retire in 5 years to enjoy more family time and start a round-the-world dream tour with her husband.

Anthea wants to set aside savings on top of her existing retirement funding:

She is looking for a solution that can provide regular cash flow to complement her retirement savings

Anthea wants some flexibility to receive the Monthly Annuity Payments². This could mean leaving the savings in her plan to accumulate with interest at her choice during the annuity period

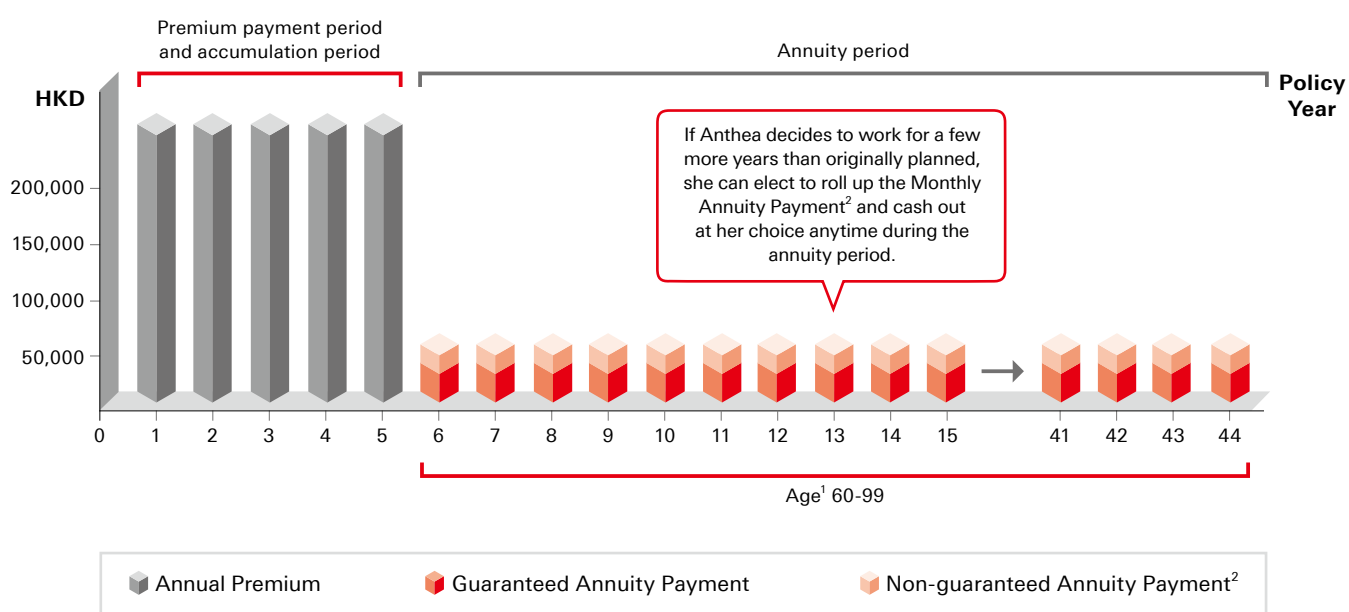

As a Hong Kong taxpayer, she may apply for tax deduction under salaries tax and personal assessment with Inland Revenue Department from her premiums paid with this plan

Anthea, 55-year-old¹, chooses Deferred EarlyIncome to meet her needs:

Annual Premium:	HKD240,047	Accumulation Period:	5 years
Premium Payment Period:	5 years	Annuity Period:	Till age ¹ 99
Total premium paid ⁴ :	HKD240,047 x 5 years = HKD1,200,234		

Anthea chooses to receive Monthly Annuity Payments² in cash at age¹ 60:

Monthly Guaranteed Annuity Payment:	HKD3,362	Initial Annuity Guaranteed Portion*:	73%
Monthly Non-guaranteed Annuity Payment ² :	HKD1,220	Guaranteed Internal Rate of Return [^] :	1.25%

Product summary

What does Deferred EarlyIncome offer?

Guaranteed Cash Value –
the cash value of your policy at
any time during the policy term

Guaranteed Cash Value is calculated by reference to the Monthly Guaranteed Annuity Payment² and the cash value as shown in the policy schedule. Such rates and therefore the Guaranteed Cash Values, will vary by policy year.

Dividend

Dividend, if any, is non-guaranteed so whether dividend will be paid or the amount of dividend will be determined annually by the Company and any such dividend will be paid to your policy on each Policy Anniversary, provided that the premiums due to such anniversary have been paid before the expiry of the Grace Period. You may receive annual dividends (if any) by the following means:

- (i) accumulate in your Plan with interest (if any); or
- (ii) take out as cash after premium payment period, before which all dividends declared (if any) will be accumulated in your Plan with interest (if any)

The annual dividends and interest rates (earned on any accumulation interest rate on dividends and Monthly Annuity Payment²) are not guaranteed.

The Monthly Non-guaranteed Annuity Payment² is derived from accumulated dividends and interest and projected dividends (if any). The amount of accumulated dividends and interest (if any) after each Monthly Non-guaranteed Annuity Payment² will gradually decrease with the intention that it will be reduced to zero at the end of the Annuity Period. Please refer to section “Key risks - Non-guaranteed benefit” for the details of key risk factors.

Surrender Benefit –
The amount you will receive if
you terminate your policy or a
portion thereof

If you surrender your policy anytime, you will receive the Guaranteed Cash Value plus the:

- Accumulated dividends and interests (if any)
- If surrender is made during the Annuity Period: Plus any accumulated Monthly Annuity Payment² and interests
- Less any outstanding policy loans, interest and premiums

We would expect you to keep your policy for the entire policy term.

If you surrender your policy at the end of the 1st policy year, you will receive the following projected Surrender Benefit amount. The amounts below are calculated based on Guaranteed Cash Value and Dividend at the end of the 1st policy year, assuming the premium for the 2nd policy year has not been paid and there is no outstanding policy loans, interest and premiums.

Range of projected Surrender Benefit amounts at the end of the 1 st policy year				
Premium payment period	Accumulation period	Annuity period	HKD (For every HKD10,000 premium paid)	USD (For every USD10,000 premium paid)
5 years	5 years	20 years	4,974–5,222 (50%–52% of premium paid)	4,979–5,228 (50%–52% of premium paid)
		To age ¹ 99	4,959 - 5,294 (50%–53% of premium paid)	4,965 - 5,299 (50%–53% of premium paid)

Notes:

- Dividend is not guaranteed. Please refer to section “Dividend” for details.
- **The projected figures are based on the current projection assumptions.**
- The figures and percentages shown in the table above are **neither guaranteed nor an indication of future performance**. They are subject to rounding adjustment and only serve for illustrative purpose. **The actual future Surrender Benefit amount may be lower or higher than that illustrated** above. You should refer to your insurance proposal for illustrated figures and details.

Important notes

Cooling-off period

Deferred EarlyIncome is a long-term life insurance plan with a savings element. Part of the premium pays for the insurance and related costs including, but not limited to, policy acquisition, maintenance and claims costs.

If you are not satisfied with your policy, you have a right to cancel it within the cooling-off period and obtain a refund of any premiums and levies paid. A written notice signed by you together with your policy (if received) should be received by the office of HSBC Life (International) Limited at 18/F, Tower 1, HSBC Centre, 1 Sham Mong Road, Kowloon, Hong Kong within the cooling-off period (that is, 21 days after the delivery of your policy or issue of a notice informing you or your representative about the availability of your policy and expiry date of the cooling-off period, whichever is the earlier).

After the expiration of the cooling-off period, if you cancel your policy before the end of the term, the projected Net Cash Value³ may be less than the total premium you have paid.

Suicide

If you die by suicide within one year of the Issue Date or from the effective date of reinstatement, whichever is later, whether sane or insane, our liability will be limited to the amount paid to us less any amount we may have paid to you since the Policy Date. Please refer to Policy Provisions of the Basic Plan for detailed terms and conditions.

Important notes

Policy loan

You may apply for a policy loan before the commencement of the Annuity Period, provided that the amount borrowed (including any previous unpaid borrowed amount) does not exceed 90% of the Net Cash Value³ before any outstanding policy loans, interest and premiums. We will advise you of the rate of interest as determined by us from time to time. Any Partial Surrender will reduce the Guaranteed Cash Value. Should the policy loan with interest exceed the Net Cash Value³ before any outstanding policy loans, interest and premiums, we may discontinue your policy.

Please be reminded that when we make any payment to you under your policy, we will deduct any outstanding loan, interest and premiums from the amount otherwise payable. Our claim for any outstanding loan, interest and premiums will be prior to any claim made by you, your beneficiary(ies) or other persons under your policy.

Tax reporting and financial crime

You are required to provide us with information that we may occasionally request from you regarding you and your policy so that we can comply with certain obligations to legal or regulatory bodies, government or tax authorities in Hong Kong and overseas. If you fail to provide us with such requested information, or if you place/expose us or any of our members of HSBC Group at financial crime risk, we may:

- Take necessary actions so that we or our members of HSBC Group can meet our/their obligations; and
- Be unable to provide new, or continue to provide all services to you; and
- Be required to withhold payments or benefits that would otherwise be due to you or your policy and pay them to tax authorities; and
- Terminate your policy.

In the event that any benefit or payments is withheld or your policy is terminated by us as a result of any of the above reasons, the amount you receive plus the total amount you have received before policy termination (if any) may be less than what you have paid. We recommend that you seek your own independent professional advice on your tax liabilities and tax positions related to your policy.

Important notes

Termination conditions

We have the right to terminate your policy under any of the following circumstances:

- If you cannot make the overdue premium payments by the end of the Grace Period; or
- The Policy Loan with accrued interest exceeds the Net Cash Value³ before any outstanding policy loans, interest and premiums; or
- We reasonably consider that by continuing your policy or our relationship with you, we may break any laws or a member of HSBC Group may be exposed to action or censure from any authority; or
- We have the right to terminate according to any supplementary benefits⁵ terms.

Please refer to the Policy Provisions for more details of the termination conditions.

Applicable laws

The laws governing your policy are the laws of Bermuda. However, in the event of any dispute arising in the Hong Kong SAR, the non-exclusive jurisdiction of the Hong Kong SAR courts will apply.

Missing premium payment

We will give you a 30-day Grace Period for making premium payments. If you cannot make the payment by the end of the Grace Period, the non-forfeiture option which you have selected will then take effect. If no non-forfeiture option is selected, we will grant you an automatic premium loan to cover the unpaid premium provided that the Net Cash Value³ of your policy calculated immediately before the due date of the relevant unpaid premium is greater than the amount of the unpaid premium. We will apply interest on such a loan at a rate determined by us from time to time. If the Net Cash Value³ at the time is not enough to cover the unpaid premium, your policy will be discontinued and we will pay you the Net Cash Value³ as at the due date of the first unpaid premium.

Please note that the Monthly Annuity Payment² will only be paid if all premiums due up to the relevant Monthiversary have been fully paid.

Key risks

Please take note of the following key risks before taking out the Deferred EarlyIncome policy:

Tax implication of Qualifying Deferred Annuity Insurance Policy

The Qualifying Deferred Annuity Policy (“QDAP”) status of Deferred EarlyIncome does not guarantee that you will be eligible for a tax deduction for QDAP premiums you have paid.

Deferred EarlyIncome’s QDAP status is based on the features of the product as well as its certification by the IA; not necessarily matters regarding your personal situation. **Before claiming any tax deductions, you must meet all eligibility requirements set out under the Inland Revenue Ordinance, while following the guidance issued by the Inland Revenue Department of the Hong Kong SAR.**

Any general tax information provided is for your reference only, and you should not make any tax-related decisions based on such information alone. Please note that **the actual tax benefits of this policy would depend on your personal tax position** and there might not be tax deductions benefits if you are not subject to salaries tax and personal assessment in the relevant year of assessment. **You should always consult with a professional tax advisor if you have any questions or doubts.**

Please note that the tax law, regulations and/or interpretations are subject to change and may affect any related tax benefits including the eligibility criteria for a tax deduction. The Company is not responsible for informing you about any changes in laws, regulations or interpretations, and how they may affect you. Further information regarding tax concessions applicable to QDAP may be found at the webpage of the IA: www.ia.org.hk.

Certification of Qualifying Deferred Annuity Insurance Policy

Please note that the IA’s certification is not a recommendation or endorsement of the policy nor does it guarantee the commercial merits of the policy or its performance. It does not mean the policy is suitable for all policyholders¹¹ nor is it an endorsement of its suitability for any particular policyholder¹¹ or class of policyholders¹¹.

The policy has been certified by the IA but such certification does not imply official recommendation. The IA does not take any responsibility for the contents of the product brochure of the policy, makes no representation as to its accuracy or completeness, expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of the product brochure of the policy.

Credit and insolvency risks

Deferred EarlyIncome is an insurance policy issued by us. **You are subject to our credit risk** because all your premiums paid become part of our assets. You do not have any rights or ownership over any of our assets. You can only claim against us under all circumstances.

Key risks

Non-guaranteed benefit

The scales for calculating dividends are not guaranteed and are determined by the Company from time to time. The Monthly Non-guaranteed Annuity Payment² is mainly derived from the accumulated dividends and interests and projected dividends (if any). Any adjustment affecting the dividends, which may include but is not limited to dividend withdrawal, change of dividend scale or applicable accumulation interest rate on dividends, will trigger re-calculation of the Monthly Non-guaranteed Annuity Payment² and the future dividends to be credited in your policy may be adjusted accordingly. The accumulation interest rate on dividends and Monthly Annuity Payments² (if any) is not guaranteed and may be adjusted by the Company at its discretion from time to time.

Whether dividends are payable and the size of the dividends to be paid **depend on how well the Company has performed with regard to investment returns on the assets supporting the policies, as well as other factors including but not limited to claims, lapse experience, expenses, and the long-term future performance outlook.** The key risk factors are further described below:

- **Investment risk factors – The investment performance of the assets supporting the policies could be affected by changes in interest rates and expectations of it** (which affect both interest earnings and values of assets), **fluctuations in prices of growth assets** and various market risks including, but not limited to, currency risk, credit spread and default risk.
- **Claims factors – The actual experience of mortality and morbidity is uncertain** which may lead to a higher than expected claim or living benefit payment and impact the overall performance of the product.
- **Persistency factors – The actual experiences of policy surrender (full or partial) and policy lapse are uncertain**, and therefore has impacts on both the current performance and future return of the policies' portfolio.
- **Expense factors – The actual amount of any direct expenses** (eg commission, underwriting, policy acquisition and maintenance expenses) **and indirect expenses** (eg general overhead costs) **incurred and allocated to the group of policies may be higher than expected** and may impact the overall product performance.

Risks from the delay or missing the payment of premiums due

Delayed or missed payments **may lead to a discontinuation of your policy. As a consequence, you will only receive an amount which may be significantly less than the premiums you paid.**

Key risks

Risk from surrender

In the event that you have to fully or partially surrender your policy in the early years, **you may receive an amount significantly less than the premiums paid.**

Liquidity risk

We would expect you to keep your policy for the entire policy term. In the event that you have liquidity needs for any unexpected events, you may apply for a policy loan or surrender your policy in full or in part for cash pursuant to the policy terms. However, **this may cause your policy to discontinue or to be terminated earlier than the original policy term. There is always a risk that you could only receive an amount which may be less than the premiums you paid.**

After premium payment period, you may also apply for withdrawal of any amounts that are accumulated within your policy, but the amount available for withdrawal is not guaranteed. **Any partial surrender, Policy Loan, accrued loan interest and withdrawal will reduce the Death Benefit and Net Cash Value³. Consequently, the value payable under certain circumstances such as surrender or maturity will be reduced.**

Inflation risk

You must take into account the **risk of inflation, which will likely cause the future cost of living to rise.** With inflation in place, you should expect that **you or your assigned beneficiary(ies) will receive an amount that is less in real terms in the future,** even if we have done our best to serve your policy.

Policy currency risk

You are exposed to exchange rate risks. If you choose (i) to set a foreign currency as your policy currency, or, (ii) to pay premiums or receive benefits in currencies other than the policy currency, **the actual amount you paid or received will then be subject to the prevailing exchange rate** determined by us between the policy currency and the local/payment currencies. You must take note that exchange rate fluctuations may affect your payment amounts including premium payments, levy payments and benefit payments, and the eligible tax deductions for deferred annuity premiums (if any).

More about participating policy

We issue participating life insurance policies providing both guaranteed and non-guaranteed benefits. The guaranteed benefits may include the Death Benefit, Guaranteed Cash Value and other benefits that vary depending on your chosen plan. The non-guaranteed benefits comprise the policy dividends which allow policyholders¹¹ to share in the financial performance of the life insurance operation.

For Deferred EarlyIncome, the policy dividends, if any, is in the form of **Annual dividends**, which are declared by us on an annual basis. Once declared, the amount of annual dividends for the year is guaranteed.

Please refer to the “Product Summary” section of this brochure for more details.

What factors will affect your dividends?

The policy dividends, if any, is not guaranteed. The size of the dividends and whether it is payable depends on factors including but not limited to:

- the investment performance of the assets supporting the policies;
- claims, lapses and expenses experiences; and
- the long-term expected future performance of the investment and other experiences mentioned above.

If the performance over the long term is better than expected, the dividends paid would increase. If the performance is below expectations, the dividends paid would decrease.

Please refer to the “Key risks – Non-guaranteed benefit” section of this brochure for more details.

What are the key benefits of participating policies?

Potential growth through non-guaranteed dividends

In addition to the guaranteed benefits, you will receive additional dividend payments if the fund performance is better than that required to support the guaranteed benefits.

Smoothing of short-term market fluctuations

You can also benefit from more stable returns as we try to minimise changes in dividend payouts in response to short-term market fluctuations. Please refer to “Stable long-term returns” in the Dividend philosophy section below.

Long-term competitive return

Your policy is supported by our well-diversified investment portfolio. Through risk sharing between you and us, our interest is aligned with yours.

More about participating policy

Dividend philosophy

Establishing a risk-sharing mechanism

We have a clear interest in the performance of your participating policy as our participating business operates on the principle of sharing risks between you and ourselves to achieve a reasonable balance. Risks may arise from different sources, creating variances that may affect your policy's return and our profit.

Variances arising from the following factors are shared between you and ourselves, including, but not limited to:

- investment return and expected future investment performance
- insurance risks (eg lapses, surrenders and claims of different groups of policies)
- operating expense (eg our underwriting and general overhead costs)

We regularly review dividend levels payable to you. Both the past actual performance and management's expectation of the long-term future performance will be assessed against the assumed level. If variances arise, consideration will be undertaken regarding sharing these with you through dividend adjustments.

Fairness across policyholder¹¹ groups

We group your policy with other similar policies to pool the risks amongst a larger number of policyholders¹¹. "Pooling" means that the risks are spread and shared across your group, and that a larger sum of money can be invested with more flexibility.

To ensure fairness between policyholders¹¹ of participating products, we will carefully consider the experience (including investment performance) of various policy groups such as products, product generations, currencies and issue years so that each policy group will receive a fair return based mainly on its own performance. To balance the interest between you and us, a dedicated committee formed from a group of professionals will provide independent advice on managing the participating policies and determining the dividends.

More about participating policy

Stable long-term returns

When considering adjusting the dividend scales, we strive to maintain a more stable payout to you by smoothing, which means the dividend levels will only be changed if the actual performance is significantly different from the assumed level over a period of time, or if management's long-term future performance expectations change substantially.

Rather than changing dividends in response to short-term fluctuations, smoothing allows us to keep dividends unchanged or make less severe adjustments than would otherwise have been the case. As such, it is important not to necessarily view any short-term investment (over and under) performance as an indication of an upcoming change in dividends. This will be considered together with longer-term historical investment performance and future expectations, as well as the other non-investment variances.

Investment policy and strategy

We follow an asset strategy that:

- i) helps to ensure that we can meet the guaranteed benefits that we have committed to you;
- ii) delivers competitive long-term returns to you through non-guaranteed dividends and bonuses; and
- iii) maintains an acceptable level of risk.

The assets supporting the participating policies predominantly consist of **fixed income assets** issued by corporate entities with good credit ratings (average A-rated or above) and long-term prospects. **Growth assets**, including equity-type investments and alternative investments such as property, private equity or hedge funds, as well as structured products including derivatives, are utilised to deliver returns that are more reflective of economic performance over the long term.

Our investment portfolios are well diversified across various types of assets, and are invested in varied geographical markets (mainly Asia, the United States and Europe), currencies (mainly HKD and USD) and industries. The assets are carefully managed and monitored according to our own acceptable level of risk.

Target asset allocations

Asset type	Allocation percentage
Fixed Income Assets (government bonds, corporate bonds)	80%-100%
Growth Assets	0%-20%

Note: there could be slight deviation from the above range due to market fluctuation.

We also consider other factors when deciding the actual asset allocations, including, but not limited to:

- current and expected future market conditions;
- guaranteed and non-guaranteed benefits of the policies;
- the acceptable risk level of the policies;
- expected economic growth after adjustment for inflation over a period of time; and
- investment performance of the assets supporting the policies;

Subject to our investment policy, actual asset allocation could deviate from the above target asset allocation from time to time.

Accumulation interest rate

You can choose to receive your dividends and annuity payments in cash or you may leave them with us to accumulate with interest (if any) subject to the relevant terms and conditions as specified in the Policy Provisions.

Interest rates are not guaranteed and will be reviewed by us regularly with reference to the following factors:

- Portfolio yields of fixed income asset;
- Prevailing market conditions;
- Expectation of fixed income asset yields; and
- The likelihood and duration of policyholders¹¹ leaving their payment for accumulation.

Important information for Qualifying Deferred Annuity Policy:

- **Tax implication of Qualifying Deferred Annuity Insurance Policy** - The Qualifying Deferred Annuity Policy (“QDAP”) status of Deferred EarlyIncome does not guarantee that you will be eligible for a tax deduction for QDAP premiums you have paid. Deferred EarlyIncome’s QDAP status is based on the features of the product as well as its certification by the IA; not necessarily matters regarding your personal situation. Before claiming any tax deductions, you must meet all eligibility requirements set out under the Inland Revenue Ordinance, while following the guidance issued by the Inland Revenue Department of the Hong Kong SAR. Any general tax information provided is for your reference only, and you should not make any tax-related decisions based on such information alone. Please note that the actual tax benefits of this policy would depend on your personal tax position and there might not be tax deductions benefits if you are not subject to salaries tax and personal assessment in the relevant year of assessment. You should always consult with a professional tax advisor if you have any questions or doubts. Please note that the tax law, regulations and/or interpretations are subject to change and may affect any related tax benefits including the eligibility criteria for a tax deduction. The Company is not responsible for informing you about any changes in laws, regulations or interpretations, and how they may affect you. Further information regarding tax concessions applicable to QDAP may be found at the webpage of the IA: www.ia.org.hk.
- **Certification of QDAP** – Please note that IA’s certification is not a recommendation or endorsement of the policy nor does it guarantee the commercial merits of the policy or its performance. It does not mean the policy is suitable for all policyholders⁷ nor is it an endorsement of its suitability for any particular policyholder⁷ or class of policyholders⁷. The policy has been certified by the IA but such certification does not imply official recommendation. The IA does not take any responsibility for the contents of the product brochure of the policy, makes no representation as to its accuracy or completeness, expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of the product brochure of the policy.

Key risks:

- **Credit and insolvency risks** - Deferred EarlyIncome is an insurance policy issued by us. You are subject to our credit risk because all your premiums paid become part of our assets. You do not have any rights or ownership over any of our assets. You can only claim against us under all circumstances.
- **Non-guaranteed benefit** - The scales for calculating dividends are not guaranteed and are determined by the Company from time to time. The Monthly Non-guaranteed Annuity Payment² is mainly derived from the accumulated dividends and interests and projected dividends (if any). Any adjustment affecting the dividends, which may include but is not limited to dividend withdrawal, change of dividend scale or applicable accumulation interest rate on dividends, will trigger re-calculation of the Monthly Non-guaranteed Annuity Payment² and the future dividends to be credited in your policy may be adjusted accordingly. The accumulation interest rate on dividends and Monthly Annuity Payments² (if any) is not guaranteed and may be adjusted by the Company at its discretion from time to time.

Whether dividends are payable and the size of the dividends to be paid depend on how well the Company has performed with regard to investment returns on the assets supporting the policies, as well as other factors including but not limited to claims, lapse experience, expenses, and the long-term future performance outlook. The key risk factors are further described below:

- **Investment risk factors** – The investment performance of the assets supporting the policies could be affected by changes in interest rates and expectations of it (which affect both interest earnings and values of assets), fluctuations in prices of growth assets and various market risks including, but not limited to, currency risk, credit spread and default risk
- **Claims factors** – The actual experience of mortality and morbidity is uncertain which may lead to a higher than expected claim or living benefit payment and impact the overall performance of the product
- **Persistency factors** – The actual experiences of policy surrender (full or partial) and policy lapse are uncertain, and therefore has impacts on both the current performance and future return of the policies' portfolio
- **Expense factors** – The actual amount of any direct expenses (eg. commission, underwriting, policy acquisition and maintenance expenses) and indirect expenses (eg general overhead costs) incurred and allocated to the group of policies may be higher than expected and may impact the overall product performance
- **Risks from the delay or missing the payment of premiums due** - Delayed or missed payments may lead to a discontinuation of your policy. As a consequence, you will only receive an amount which may be significantly less than the premiums you paid.
- **Risk from surrender** - In the event that you have to fully or partially surrender your policy in the early years, you may receive an amount significantly less than the premiums paid.
- **Liquidity risk** - We would expect you to keep your policy for the entire policy term. In the event that you have liquidity needs for any unexpected events, you may apply for a policy loan or surrender your policy in full or in part for cash pursuant to the policy terms. However, this may cause your policy to discontinue or to be terminated earlier than the original policy term. There is always a risk that you could only receive an amount which may be less than the premiums you paid. After premium payment period, you may also apply for withdrawal of any amounts that are accumulated within your policy, but the amount available for withdrawal is not guaranteed. Any partial surrender, Policy Loan, accrued loan interest and withdrawal will reduce the Death Benefit and Net Cash Value⁶. Consequently, the value payable under certain circumstances such as surrender or maturity will be reduced.
- **Inflation risk** - You must take into account the risk of inflation, which will likely cause the future cost of living to rise. With inflation in place, you should expect that you or your assigned beneficiary(ies) will receive an amount that is less in real terms in the future, even if we have done our best to serve your policy.
- **Policy currency risk** - You are exposed to exchange rate risks. If you choose (i) to set a foreign currency as your policy currency, or, (ii) to pay premiums or receive benefits in currencies other than the policy currency, the actual amount you paid or received will then be subject to the prevailing exchange rate determined by us between the policy currency and the local/payment currencies. You must take note that exchange rate fluctuations may affect your payment amounts including premium payments, levy payments and benefit payments, and the eligible tax deductions for deferred annuity premiums (if any).

Termination conditions:

We have the right to terminate your policy under any of the following circumstances:

- If you cannot make the overdue premium payments by the end of the Grace Period; or
- The policy loan with accrued interest exceeds the Net Cash Value⁶ before any outstanding policy loans, interest and premiums; or
- We reasonably consider that by continuing your policy or our relationship with you, we may break any laws or a member of HSBC Group may be exposed to action or censure from any authority; or
- We have the right to terminate according to any Supplementary Benefits⁹ (as known as "rider") terms.

Please refer to the Policy Provisions for more details of the termination conditions.

Past, current, projected and/or potential benefits and/or returns (eg bonuses, interests) presented are not guaranteed and are for illustrative purposes only. The actual future amount(s) of benefits and/or returns may be higher than or lower than the currently quoted benefits and/or returns. The figures as shown in the illustrative example are subject to rounding adjustment and are for illustrative purposes only. Please refer to the figures as shown in your insurance proposal for details. The Information shown above is intended as a general summary and is for illustrative purposes only. You should read this material in conjunction with the respective product brochure and illustration. Please also refer to the Policy Provisions for the detailed terms and conditions.

This product, which is underwritten by the Company, is a product of the Company but not The Hongkong and Shanghai Banking Corporation Limited (referred to as "HSBC") and it is intended only for sale in the Hong Kong SAR. HSBC is an insurance agent of the Company. For monetary disputes arising between HSBC and you out of the selling process or processing of the related transaction, HSBC will enter into a Financial Dispute Resolution Scheme process with you; however any dispute over the contractual terms of the product should be resolved between the Company and you directly.
