BE PROTECTED FROM LIFE'S UNEXPECTED EVENTS

In Hong Kong, nearly one in three deaths are the result of cancer with new cases rising at an average annual rate of almost 3%¹. According to the Hong Kong Cancer Registry, Hong Kong recorded almost 30,000 new cancer cases in 2014¹. However, medical advances and earlier diagnosis could lead to longer life expectancy and better outcomes.

At HSBC, we understand life is full of unforeseen events that may impact us in various ways. Our HSBC Cancer Term Protector* (the "Plan" or the "Policy") gives you life protection plus additional financial assistance to cover unexpected expenses after a cancer diagnosis. The Plan gives you various benefits including life cover to protect your loved ones in the unfortunate event of death or a lump sum payment to spend at your discretion should you be diagnosed with cancer.

Our easy and simple online application process lets you insure yourself and your loved ones in moments, against life's unexpected events.

IMPORTANT NOTES

Cooling-off period

HSBC Cancer Term Protector is a term life protection plan which is not equivalent or similar to any kind of deposit. Part of the premium covers the insurance and related costs including but not limited to policy acquisition, maintenance and claims costs.

If you are not satisfied with the Policy, you have a right to cancel it and obtain a refund of any premiums and levies paid, by giving written notice within the Cooling-off Period (that is, 21 days after the delivery of the Policy or issue of a notice informing the availability of the Policy to you, whichever is the earlier). To cancel, you must sign on such notice, return the Policy (if received) and ensure that such notice and the Policy are received directly by the office of HSBC Life (International) Limited at 18/F, Tower 1, HSBC Centre, 1 Sham Mong Road, Kowloon, Hong Kong within the Cooling-off Period.

After the expiration of the Cooling-off Period, if you cancel the Policy or the Policy is lapsed or terminated for any reasons, you will not get back the premium you have paid.

Suicide

If the Life Insured commits suicide within one year of policy issuance, whether sane or insane, our liability will be limited to the amount of premiums paid to us less any amount paid by us to you.

Please refer to Policy Provisions for detailed terms and conditions.

Eligibility

HSBC Cancer Term Protector is only available to individuals who are HSBC bank account holders or HSBC credit card holders between the Insurance Ages⁶ of 19 and 60. Such individuals must also be Hong Kong Identity

cardholders. Further, the Plan is subject to the relevant requirements on nationality and/or addresses of the Policyholder and/or Life Insured as determined by the Company from time to time.

Tax reporting and financial crime

The Company and other members of the HSBC Group have certain obligations to Hong Kong and foreign legal or regulatory bodies and government or tax authorities regarding you and your Policy and the Company may from time to time request information from you in relation to these obligations. There are consequences, which will be set out in your policy terms, if you fail to provide to the Company with information that is requested from you or if you present a financial crime risk to a member of the HSBC Group. Such consequences include that the Company may:

- Take such actions as are necessary to enable it or a member of the HSBC Group to meet its obligations;
- Be unable to provide new, or continue to provide all of the services to you;
- Be required to withhold payments or benefits that would otherwise be due to you or your Policy and permanently pay those over to tax authorities; and
- Terminate your Policy.

The amount you get back in the event of benefits or payments withholding and/or policy termination by the Company as mentioned above may be less than the amount of the premium(s) you have paid.

The Company recommends that you seek your own independent professional advice on your tax liabilities.

KEY RISKS

Missing premium payments

There is a 30-day Grace Period for premium payments that are due. If you cannot make the payment by the end of the Grace Period, the Policy will lapse with effect from the due date of the first unpaid premium.

Termination condition

The Company has the right to terminate the Policy under any of the following circumstances,

- If you cannot make the overdue premium payment by the end of the 30-day Grace Period, the Policy will terminate with effect from the due date of the first unpaid premium; or
- If we reasonably consider that by continuing the Policy or the relationship with you we may break any laws or we, or a member of the HSBC Group, may be exposed to action or censure from any authority.

Please refer to Policy Provisions for detailed terms and conditions on termination.

Applicable laws

The laws governing the Policy are the laws of Bermuda. However, in the event of any dispute arising in the Hong Kong SAR, the non-exclusive jurisdiction of the Hong Kong SAR courts will apply.

Credit and insolvency risks

The product is an insurance policy issued by the Company. You are subject to the credit risk of the Company. Your premiums paid will form part of the Company's assets. You do not have any rights or ownership over any of those assets. Your recourse is against the Company only.

Risks from the delay or missing the payment of premiums due

Any delay in or missing of the payment of premiums due may lead to policy lapse. If your Policy is lapsed, you will not get back the premium you have paid.

Inflation risk

Cost of living and medical expenses are likely to be higher in the future than they are today due to inflation, therefore you may receive less from the Policy in real terms in the future even if the Company meets all of its contractual obligations.

Risk from premium adjustment

Premium will be adjusted every 10th Policy Anniversary until the Policy is terminated. The premium adjustment will be determined in accordance with the Company's prevailing rate table applicable to this class of Policy and the Insurance Age⁶ of the Life Insured at the time of adjustment. Due to the increase of Insurance Age⁶ over time, premium rate will increase at the time of adjustment. Such premium rate will be determined based on factors including but not limited to actual claim experience and future outlook reflecting any change in incidence rates of death, Cancer, CIS and Early Stage Cancer, policy lapses as well as the Company's operating expenses. A notice of such premium adjustment will be sent to the Policyholder prior to it taking effect.
