Risk Disclosures

1. Investment involves risk. You should carefully consider whether any investment products or services mentioned herein are appropriate for you in view of your investment experience, objectives, financial resources and relevant circumstances. The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities. This document does not constitute an offer for the purchase or sale of any investment products.
2. For Renminbi (RMB) products:
 - There may be exchange rate risks if you choose to convert RMB payments made on the securities to your home currency.
 - RMB products may suffer significant losses in liquidating the underlying investments if such investments do not have an active secondary market and their prices have large bid / offer spreads.
 - In general, RMB equity products are exposed to the usual kind of default risks that might be associated with equity products denominated in other currencies.

3. For details, please read the relevant risk disclosure statements set out in Schedule 1 of the Terms of Business of HSBC Broking Securities (Asia) Limited, which is available at our public website (<https://www.hsbc.com.hk/broking/>).

Remarks

The information in this material does not constitute a solicitation or recommendation or an offer for the purchase or sale or investment in any products.

Making available to you any advertisements, marketing or promotional materials, market information or other information relating to a product or service shall not, by itself, constitute solicitation of the sale or recommendation of any product or service. If you wish to receive solicitation or recommendation from us, please contact us and, where relevant, go through our suitability assessment before transacting.
