

Enhanced Credit Card Payment Function Visa payWave and MasterCard contactless payment

At HSBC, we aim to provide our customers with secure, swift and convenient credit card service while enjoying spending privileges and rewards. From 1 May 2016, we will issue HSBC Premier MasterCard® Credit Card, HSBC Advance Visa Platinum Card, HSBC Visa Signature Card and HSBC Visa Platinum Card with Visa payWave or MasterCard contactless payment function for customers to enjoy hassle-free spending experience.

Secure, swift and convenient payment experience

You can simply tap and pay with your HSBC credit card with contactless payment function in thousands of stores, including supermarkets, convenience stores, restaurants and department stores, with Visa payWave or MasterCard contactless payment terminals. Depending on the setup of individual merchants, you can spend up to HK\$1,000¹ for each contactless payment transaction without signature and all contactless payment transactions will be detailed in your monthly statement clearly. Visa payWave and MasterCard contactless payment function use keys and encryption technology to enhance the transaction security. The contactless payment transactions are as secure as other credit card transactions through Visa or MasterCard payment network.

Remarks:

1. You may use your card for contactless payment transactions, subject to transaction limits (including limit on each purchase and other limits) set by the Bank, Visa or MasterCard Worldwide or the merchant from time to time. For payment over the transaction limit or if contactless payment is unavailable, you will still need to sign on the credit card sales slip in order to complete the transaction.
2. Starting from 1 May 2016, all new, replacement and renewal HSBC Premier MasterCard® Credit Card, HSBC Advance Visa Platinum Card, HSBC Visa Signature Card and HSBC Visa Platinum Card we issue will be embedded with Visa payWave or MasterCard contactless payment function. A contactless payment indicator  is displayed on your card indicating that card supports contactless payment function.
