

**Dr. Ayesha Khanna:**

In the tech space, support and working together is key to unlocking success, and support can come in many different forms.

於科技這個範疇，互相支持及合作是成功的關鍵，而這些支持可以透過不同的方式展現出來。

In our early years at ADDO AI, we leveraged Singapore's flourishing technology eco-system and community.

創立 ADDO AI 初期，我們獲得新加坡當時迅速發展的科技環境及社群支持。

And then there's personal support; people like my business partner and friend Faisal Kamiran.

然後，我亦得到了很多個人的支持，包括我的合作伙伴及朋友 Faisal Kamiran。

We share the same vision, troubleshoot problems together and he always offers a different perspective.

我們擁有共同的願景，一起解決問題，他亦時常給予一個不同的角度去了解事情。

And then there's financial support, expert advice and guidance from specialists like HSBC Jade who really get support.

然後，我亦得到財務上的支持，包括滙豐尚玉提供的專業的意見及指導

I love how they get as excited about my vision as I am.

我最喜歡的是，他們同樣地為我的願景感到興奮。

Let's support one another and #SupportEntreprenHER.

讓我們一起互相支持，並支持#SupportEntreprenHER.
