

Mark: After I posted our family photo online, my friends called me and asked, Mark, you are in the UK? Are you going with your kids to study? When did you become such a family man?

Jade: What? You have always been close with our sons.

Mark: I know, right! I was living for myself back then but now that we are married with kids, I now think in the long-term.

Jade: Although our world is bigger, our family is closer. I think this is really a bonus!

Jade: When we were preparing to go to the UK, buying a house and handling overseas mortgage have been a real headache!

Mark: Of course, we did not have any income abroad nor proof of address, it was tough to open bank account there! Mortgage aside, we did not have a way to pay our utility bills.

Jade: Fortunately, we opened a UK bank account in Hong Kong. It is an HSBC Premier account too!

Mark: I told you I have a keen eye for choosing my wife!

Mark: I am always asked about buying overseas property, but the truth is, I only know how to design and decorate the house! For everything else, go to her!

Jade: It is very different buying property overseas compared to Hong Kong. Best to consult some specialists on the matter. With HSBC Premier International Mortgage Desk, a dedicated specialist will follow up your application. The best thing is you can manage overseas mortgage in Hong Kong.

Mark: Even though I live in the UK, I often return to Hong Kong for work. It is different when collecting payment or transferring money to family in Hong Kong. There is no need to fly back and forth. Everything can be done in just a few clicks.

Jade: Where are we going next? We have not thought about it yet. But Hong Kong will always be our base.

Mark: As long as our bank can provide international support, we are covered regardless of our location and goals.

Jade: What about my support?

Mark: Definitely!

Mark: I am Mark

Jade: I am Jade. We have been HSBC Premier customers for 23 years!
